Resident will fight town expropriation move

St. Albert resident Dr. Bill Cuts is going to fight the Town of St. Albert over its intent to expropriate the town's former police office, as plans for downtown redevelopment forge ahead.

Dr. Cuts claims that the intended expropriation of what used to be a police office at 11 St. Michael Street is not needed. But the town is adamant that it needs the property for a service road from St. Anne Street to Grandin Road, which is vital to St. Albert's proposed $30,000,000 downtown redevelopment.

Mayor of St. Albert Dick Plain wants the vital roads and services put in before the downtown core concept gets nearer to reality, and says that with the land acquired, it is "not a question of deciding you must get approval on the (downtown) plan," before it goes through.

The mayor hopes that the service road extension, which will cut through the former police building, will go through before freeze up. The mayor says that that road is "laid on" and is not dependent on the public approval of the plan for downtown redevelopment. The town is already planning on setting dates for public input into the downtown redevelopment plan.

Mayor Plain says that St. Albert made a fair offer for the 11 St. Michael Street property, built in 1954 at the request of a former town council, when existing RCMP facilities were in a rundown condition.

Dr. Cuts vehemently denies that a fair offer was made for the property, which is registered in his wife's name.

Dr. Cuts claimed that the town had just given "someone else more money for less valuable land," and this seems to be the point of the stand.

"I'm going to fight it," said Dr. Cuts Monday, referring to the notice of intended expropriation from the town. "They have not proved to me that they need it ... why cut corners ... they have a road there already."

Dr. Cuts was making the point that the St. Anne-Grandin Road extension could

STOP WORK ORDER

NO Construction or any further work may be undertaken on these premises until this order is revoked by the Building Inspector.

Signed,

Building Inspector

Date August 19, 1976

By-Law No. 23/71 Town of St. Albert

REASONS FOR STOP WORK ORDERS AND CONDITIONS OF RECOMMENCEMENT ATTACHED HERETO.

SELF-EXPLANATORY - a work stop order on the Paul Kane School last week.

Town places stop work order on Paul Kane addition

For the second time this year, the Town of St. Albert placed a stop work order on the construction of the new addition to Paul Kane High School. This latest stop work order came into effect at 3:30 on Thursday, August 19, just four days prior to the completion of the project.

Solicitors for the Town of St. Albert and the St. Albert Protestant Separate School District No. 6 went to court the following day and the judge ruled that the stop work order be lifted.

Bob Byron, town administrator, said that council had held a special meeting earlier that week when it appeared that all efforts to arbitrate had failed due to the inability of parties to get together over the summer months.

The arbitration relates to a disagreement over the student parking lot. Both parties have been locked in dispute over this matter for several months now. The town requires that the student parking lot be given a hard surface and the school district does not want the additional financial burden of providing hard top parking for students.

In October 1975, the town issued a development permit for the school addition with several conditions attached. One of these conditions was that the school district provide on-site parking for students. District trustees advised the town that they would comply with all legal requirements.

In May of this year, the

Local teenagers attend 4H Conservation Camp

The 4H Conservation Camp near Sundre drew another large group of interested teen-agers this year.

Among those in attendance were Frances Lema of St. Albert; Vivian Maurier of Legal; Kim Reynolds of Bon Accord and Louise Smith of Duffield.

They were part of a group of more than 60 young Albertans who expressed their personal interest in the preservation and wise management of natural resources by attending a week-long seminar on conservation practices.

Under the general theme, "Five is One," delegates to the 11th annual 4H Conservation Camp at James River selected two of five subject areas for intensive review. The areas included soils, water, fish and wildlife, range and forest management.

The delegates to the August 15-21 camp were selected from 4H clubs throughout the province.

Calgary Power Ltd. and Alberta Power Ltd. sponsor the camp each year in conjunction with the 4H and Junior Forest Warden Branch Alberta Recreation, Parks and Wildlife; the Provincial Departments of Energy and Natural Resources, Environment and Agriculture and the Olds College.

While at the camp, 4H members had the opportunity to study under qualified personnel and to view slides and films on their study areas. The balance of the camp was devoted to field trips, panel discussions and recreational activities around the camp theme.

As each of the campers return to their communities they bring with them conservation knowledge gained during the week at James River.

A camper who has made an outstanding effort in spreading the conservation message has been recognized, over the past two years, but the receipt of a special award.

The Grant MacEwan Conservation Award is presented annually to the 4H member who displays, practices and demonstrates conservation programs learned at the summer camp.

As part of their wildlife studies at 4H Conservation Camp four district girls observe signs of wildlife activity pointed out by Fish and Wildlife Officer, Rick Servetnyk. From left to right the girls are Louise Smith of Duffield; Kim Reynolds of Bon Accord; Vivian Maurier of Legal and Frances Lema of St. Albert.

Sturgeon to go ahead with Namao School

Sturgeon School Division #24 is determined to go ahead with construction of the Sturgeon Composite High School following its meeting with Associate Deputy Minister of Education, Dr. S. Odynak, Monday morning.

Final cost estimates were established with the Department of Education as follows in a release from Associate School Superintendent Walter Heppler:

Cost of Construction of Building - $4,141,814., Water and Sewer System - $110,210., Site Development - $208,716., Furnishings and Equipment - $412,940., Land - $43,170. **Total - $4,916,850.**

The cost of the building is well within the $4,950,000 borrowing authorized by the electors. An additional $300,000 is expected to be required for vocational equipment but 90% of this cost or about $270,000 will be picked up by the Department of Education.

In the past three weeks since the opening of tenders, the Board has cut nearly $600,000 out of the cost be deletions and revisions to the specifications of the project. The result is that the square foot cost of $47.67 is about $2.00 per square foot lower than the identically sized Fort McMurray Vocational High School built two years ago. In the view of the Board this is a very reasonable price for a school of this type at the present state of construction prices.

It is estimated that about 50% of the cost of the school will be supported by government grants at current levels. The gross burden on local ratepayers is expected to be about $300,000 a year in the initial years of repayment beginning in 1979.

The effective increase in mill rate due to the project is expected to be under 5 mills if projected increases in government operational grants and school assessments are realized.

A major function in reducing the effective cost to the ratepayer is that tuition fees of approximately $215,000 a year in 1979 will no longer have to be paid to other school boards for educating Sturgeon students.

Sturgeon electors have on two previous occasions indicated over 80% support for the project and did not challenge the $4,950,000 borrowing bylaw passed by the School Board, and hence no plebiscite was required to be held.

Bird Construction Ltd. has been awarded the tender and is ready to start construction on the Namao site imme-

school

Cont'd From Page 1

diately. The Board expects that the Minister of Education, the Hon. Julian Koziak, will give approval to the Bird tender in the next few days.

And the debt could be reduced by increase of support prices retroactive to July 1, said Superintendent Frank Robinson at Monday's School Board meeting.

fight

Cont'd From Page 1

go through without interfering with the 11 St. Michael Street property. Dr. Cuts says that the house on that property is a "good" building.

Dr. Cuts emphasizes that the town offer for his property is not adequate and it is since this realization that the town has given Dr. Cuts notice of intent to expropriate.

What makes the whole thing seem like a storm in a teapot is that Dr. Cuts says there is a case where the town got land from him (for another road development) and then did not go through with road.

But Dr. Cuts said that (in that case) a person had the right to claim the land back, "They cancel the road and still hold on to the land," he stated.

Another point that Dr. Cuts makes is that the road extension the town seeks has not yet been approved; "they'd have to advertise that too."

However, Mayor Plain says that unless you have the services, (like roads and sewer) for the redevelopment, plans for that redevelopment will remain what they are - pretty pictures.

Mayor Plain confirmed that Dr. Cuts had seen fit to refuse to accept the offset but sees the road extension as a key to the whole downtown redevelopment. "We've got to have our road constructed before freeze-up," he said.

If the town sorts the road and the 11 St. Michael Street problem to its satisfaction then the main part of the downtown core could get underway next year.

"Then we get into the practical types of specific buildings like theatre and restaurant," Mayor Plain said.

stop order

Cont'd From Page 1

town issued its first stop work order. The two sides then agreed to arbitration. The town passed a resolution that if arbitration failed the stop work order would be reissued. Several attempts were made during the summer months to get the parties together without success. Council discussed the situation with the town solicitor early last week and instructed him to reissue the stop work order.

The council feels that although the present town parking lot in Fountain Park will be improved and enlarged it will not be sufficient to accommodate day time students as well as the Day Care Centre and users of the recreational centre. At the heart of the issue is the question of whether the paved student parking is a fair charge to educational funds.

District 6 Board Chairman Bill Webber commented that it was unfortunate that the stop work order was issued only four days before the completion of the school addition especially in view of the proximity of the new school year. He said that the board will comply with whatever the court rules over this dispute even though the cost of a paved parking lot would be unsupported.

This means that the district taxpayer will have to pay the total cost with no support from the Province if the decision goes against the school district.

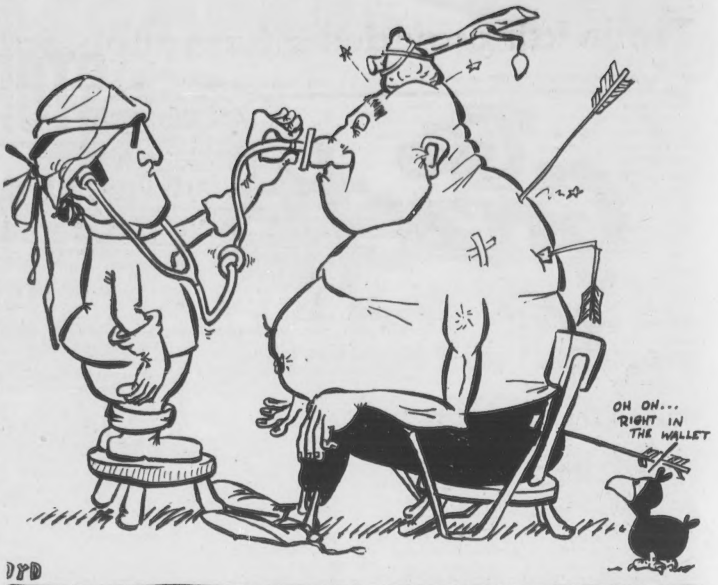
MAYOR COMMENTS

In light of the developments between the town and District 6 Mayor Plain says all developments will from now on be subject to development agreements.

He commented that previously the board and the town had always worked on a handshake basis. But the public interest had to be preserved said the mayor.

He complained that after many months of negotiations the town had not been able to get the co-operation of the board; yet the town wanted to provide parking facilities at the school "of the type set up in Strathcona and Edmonton."

St. Albert wanted to eliminate the situation where more cars would be dumped in the area. "We've got to take action to protect citizens," said the mayor.



I SUGGEST YOU TRY CHOOSING LESS ISOLATED CAMPING SPOTS FOR THE REST OF THE SUMMER...

AGT GOOD NEWS PARTY LINE

On September 21 the St. Albert Nurses' Interest Group will be holding their monthly meeting at the St. Albert Inn. The meeting is a dinner meeting beginning at 7 p.m. Contact Marion Sim at **459-7691** for more information.

Have you ever heard the sound that living water makes? There will be real living water in **Lion's Park on Friday, August 27** making a terrific noise for you. Grab a seat early, say 7:30 and open your ears to the "Sounds of Living Water". Good for the whole family.

TUESDAYS - Overeaters Anonymous meetings every Tuesday at **8 p.m.** at CHED Building upstairs - rear entrance.

The St. Albert Historical Society is selling hastinotes at a cost of $2.00 per package of 12. All proceeds go toward the preservation of St. Albert's history. The Notes were designed by Mr. Keith O. Bell, and depict two scenes, the grain elevators and the original St. Albert railway station now relocated at Namao.

Parents will be glad to learn that the Story Hour is to resume at the St. Albert Public Library each **Wednesday morning from 10 until 11 o'clock.** This has for many years been an exceptionally popular program at the Library and parents are encouraged to send their children aged four to eight years for this fun learning experience.

STOP FIRES SAFE JOBS

A Fire in commercial or industrial place of business can put you out of business and people out of work. Main causes of Fires in these establishments are careless smoking, cutting and welding without safety precautions, damaged electrical wiring, heating appliances not serviced regularly, flammable liquids stored improperly and poor housekeeping. Have an extinguisher handy to put out small fires at your own safety. Remember always to turn in an alarm immediately. Practise Fire Prevention the year round.

Trade fair provides information, entertainment, prizes

The organizers of the St. Albert Community Trade Fair are intent on disproving the generally accepted view that St. Albert is little more than a "Bedroom Community" with few services and facilities to offer its residents. A great deal of work has already gone into the setting up of the Trade Fair and a lot more is yet to be done before the September 10th opening.

The St. Albert and District Chamber of Commerce (the organizers) felt that the Trade Fair should serve a dual purpose: to expose the town's residents to the many commercial services available to them and to promote an attitude of community unity among residents, businessmen and industry in the town.

To achieve this purpose they organized a three-day exhibit to be held in the St. Albert Arena from Friday, September 10 to Sunday, September 12. A total of 70 booths were made available to the businesses and industries in the town to promote and advertise their services.

Anne Shawcross, special projects co-ordinator for Williams and Wilson Public Relations Limited, the firm assisting the Chamber in the organization of the Fair, reported that sales were going well and only 15 booths were left. Any interested parties should contact Anne at 424-0692.

British magician Jon Charles will be interviewed by Eric Robinson and Anne Shawcross on Capital Cable T.V. Cable 5 St. Albert on Thursday night at 8 p.m. Jon will also be featured at the St. Albert Community Trade Fair, September 10 to 12 at the St. Albert Arena. Mr. Charles is a magician of international fame and experience and should provide a very entertaining demonstration of his talents.

ENTERTAINMENT & DOOR PRIZES

In addition to the exhibits the Trade Fair will provide entertainment and a door prize will be drawn every evening.

The entertainment line-up is not complete as yet but one of the featured guests will be Jon Charles, a magician of international fame. Jon Charles came to Edmonton from London, England in 1967 and has been active in the Magic field in Edmonton since then. Jon started his magic career at the age of 11 with just two magic effects at a school concert. Later he joined a magicians club in London, England and eventually became organizing secretary.

In Canada Jon quickly made contacts with magicians in Edmonton and in 1967 appeared at the Magicians Convention held in Edmonton. He has also appeared on TV. Jon is now a regular at magicians gatherings in Western Canada and the West Coast of the U.S.A.

Since coming to Canada Jon has appeared at many private functions, banquets, conventions, childrens parties in Edmonton and other areas of Alberta. This past summer he appeared at Legal's Fete au Village for the third time.

Jon will appear on Capital Cable T.V. Cable 5 St. Albert this Thursday night at 8 p.m. with Anne Shawcross and Eric Robinson. The group will discuss the Trade Fair as well as Jon's performance at it. Jon will perform a couple of his card tricks and illusions on the show.

There are five door prizes at this time but more businesses are expected to donate prizes as their contribution to the Fair. The Sunday night prize is a trip for two to Brentwood Bay Fishing Resort for three days and two nights. Return airfare, accommodation, meals, guide, gear and bait are all included compliments of Helten Travel and Pacific Western Airlines. Other prizes are: a Zenith Digital Clock Radio (Alberta Radio & T.V.), a $25 Gift Certificate for Hutching's Shoes, a re-upholstered chair (St. Albert Upholstering Ltd.), and a floral arrangement (Grandin Flowers). These prizes will be drawn at different times during the Fair.

DISCOUNT TICKETS

A quantity of tickets will be distributed among the exhibitors and co-operating organizations. These tickets will give the bearer a discount of $1.00 off each entrance required, and will be available on request from the participating merchants and organizations. Enough tickets will be distributed that there will be no reason for anyone to pay full price at the door.

The St. Albert Community Trade Fair is shaping up very well. If it is as successful as the organizers expect it to be it will become an annual event. The combination of exhibits, entertainment and prizes should be most informative to the residents of the town in helping them to realize what business and industry has to offer, as well as provide an entertaining and enjoyable outing for the entire family.

Parent involvement benefits child's education

Educators today are always stressing the importance of individualized programs and parental interest in their child's education. The St. Albert Pre-School Education Society also emphasizes these aspects in their kindergarten program. In fact they insist upon the parents taking an active part in their youngster's education.

Parents who feel that they should be given the opportunity to take part in the development of curriculum content, the supervision of the students, and the operation of the school should seriously consider the St. Albert Pre-School Education Society's Kindergarten for their pre-schoolers.

This kindergarten is government financed and operates for three half days a week. The teacher is a qualified instructor in early childhood education and is assisted by one of the parents (usually a Mom) throughout the year.

There are only a few areas in which the parents are asked to contribute: attending the monthly meetings, taking part in the classroom activities as a teacher's aid, and taking a turn driving in the car pool. These responsibilities are not to be taken lightly. Parents must take part and participate in these areas. The parents also make up the executive of the Society.

For those parents who consider this to be too much involvement, think of the advantages - you will be able to decide what books will be used, you will be able to see what is happening in the classroom, you will be able to decide what things should be taught to your children, you will be able to take part in the running of the entire operation.

A closer association develops between parent and teacher, parent and parent, teacher and student, and student and student. Since the parents take turns in helping the teacher in the classroom they are able to observe their child's behaviour first-hand. The teacher and parents get to know each other and a closer co-operation develops which is beneficial to the progress of the child. The teacher is also able to understand the child better through her/his acquaintance with the parents. By attending the monthly meetings and getting to know the other parents, individuals can discuss the progress of the children, the school program and the activities which they help plan.

Mrs. Val Thompson, treasurer for 1976-77, said that she really enjoyed taking part in her son's education this past year. She said that in comparison to her daughter's (regular) kindergarten education she much preferred the co-operative type.

Mrs. Thompson said that many parents are at first hesitant about getting involved. They would rather the school and the teacher handled the whole operation. But the children really like having one of their parents at school to watch them, they do better and are more interested in learning because their parents are more interested in them, their work and their progress.

BERMONT

REALTY LTD. 459-7786

IMMEDIATE POSSESSION
Offers to $59,900.00 (mortgage of $47,500. available) on this bungalow with big yard and rumpus room.

Built-in Dishwasher, vacuum system, two furnaces, power humidifier and loads of storage space. Trees planted and ready for grass. Ideal location. Come and see and move right in. To view call **ELLEN 459-7786 OR RES. 973-3795.**

OTTAWA and Small Business

Cutting costs in the cities

By KENNETH McDONALD

Every government likes to spend. None wants the blame for raising taxes But there's only one taxpayer. Look in the mirror

• • •

The more remote the government, the more it spends. So when Ottawa, which set the pace for the present inflationary spending, tries to economize, it must cut down on its cost-sharing with the provinces. At their level, the provinces must do the same. The pressure is then on the municipalities, where the taxes start.

• • •

Forced to economize. Canadian municipalities may be interested in methods adopted by some of their counterparts south of the border.

• • •

Phoenix, Ariz., uses general building inspectors in place of the conventional mix of inspectors specializing in each trade. Savings in the first five years: $4.5 million. The same city cut garbage collection costs sharply by introducing special trucks, with power lifts, to reduce crew sizes from three to one.

• • •

Several communities have combined their own police and fire departments into one public safety department, with fire and police personnel trained to perform both functions. In Brown Deer, Wis., all newly employed police officers are trained as auxiliary firefighters. Police cars are equipped with fire-fighting apparatus so that officers responding to fire calls can take preliminary action.

• • •

Scottsdale, Ariz., uses some city employees as auxiliary firefighters. Fully trained in fire fighting, they carry radios so they can be alerted in an emergency. They're paid only for time actually spent on duty. Average cost: $149 per month extra, compared to $1,000 per month for full-time firemen.

• • •

In Canada's free lunch department, the regional municipality of Durham, Ont., made an interesting discovery. Last April, welfare cheques for all employable recipients were held for personal collection at their nearest office instead of being mailed. At the end of the first day, 72 cheques remained. Five days later, 52 were still there. None of the 52 recipients had called in or complained.

• • •

After two months of the Durham experiment, between 15 and 20 cases are being closed each pay day, at a saving of $1,500 -- $2,000 every two weeks.

• • •

To the Canadian Federation of Independent Business, the growing burden of taxation at the municipal level is just one example of how federal and provincial policy effects local communities. Big governments get the bucks and little governments get the bills!

Centre offers assistance to rape victims

A previous article in the Gazette discussed the background and development of the Rape Crisis Centre of Edmonton. This article will outline the purposes of the organization and the services that it offers.

A list of aims drawn up by the organizers of the centre was provided the Gazette by Miriam Watson, executive chairperson. The list includes: (1) To provide a meeting place for the society, (The committee proposes to use an agency already serving women's needs), (2) To co-ordinate a strong core of well trained volunteers, (3) To co-ordinate existing services, (4) To serve as a 24 hour crisis centre for victims of rape and sexual assault, (5) To promote and provide public education on the topic of rape and its prevention, (6) To serve as a resource to community groups interested in working for social change with regard to rape, (7) To work in co-operation with government, provincial and national bodies, and (8) Research.

The services offered by the Centre include: a 24 hour telephone service, seven days a week, an accompaniment service (if desired by the victim, to provide the company of a trained woman volunteer while the victim goes through police, medical, and legal procedures), emotional support (for women who contact the centre seeking help with unresolved feelings due to rape; support would also be available to family and friends), referral (to provide information that would facilitate the victims action in the use of community resources such as police, medical, counselling, legal), public education (to make the public aware of the rape crisis service; to prepare and circulate pamphlets on all aspects of the problem of rape and sexual assault; to provide speakers through a speakers bureau), to serve as a community activity.

Many goals are combined under the heading, 'Community Activity': (1) To act as a catalyst for the organization of community groups interested in rape issues, (2) To promote the availability of female officers on the Police Morality Squad, (3) To encourage all city hospitals to be available for medical examination of rape victims, (4) To be a resource to agencies and institutions directly or indirectly involved with rape, (5) To study and encourage research on the subject, and (6) To encourage the development of self-help groups for rape victims and their concerned relatives and friends.

The Rape Crisis Centre of Edmonton has set up three committees to follow up various goals and purposes as stated above. The Educational and Prevention Committee has plans for informational brochures and was involved in a workshop held in January in co-operation with the University Extension Department and the School of Social Welfare. It utilized the students of the University drama department and their "Catalyst Theatre." Several television appearances have involved members of this committee, one of whom is with the City Police Department.

The Research Committee is presently investigating prosecution through civil suit, has assisted in the writing of an informational booklet for volunteers and is working towards the setting up of a library on the subject of rape.

The Public Relations, Publicity and Speakers Bureau Committee has been kept busy with interviews on local radio and television stations, and the local newspapers. Requests for speakers continue and are filled by members of the committee as well as Board members when needed.

The Rape Crisis Centre is assisted in its work by many other agencies in the Edmonton area as well as in the city itself. This assistance has taken the form of staff involvement, voluntary time, expertise, providing a meeting place, help in mailing materials and expenses, clerical time, coffee supplies, moral support or advice.

Many women today are not aware of the seriousness of the problem of rape and sexual assault. Through the programs of the Rape Crisis Centre it is hoped that the unaware will be conscious of the problem and the victims will know where to find help and support.

It is every woman's (and man's) responsibility to find out the facts concerning rape, so that when faced with such a situation, either directly or indirectly, she (or he) will know how to handle it effectively.

REFLECTS

Recreation Facilities

The high handedness of St. Albert Town Council in pushing through a recreation complex on the oblate site on Highway Two is almost beyond belief for a body of elected representatives.

If ever council had an unmistakably clear indication of the wishes of the people, it was on the question of recreation facilities, beginning with the plebiscite against the oblate site and the very large complex, and followed up by the intensive effort to determine what people want by both the town recreation staff and the St. Albert Recreation Board.

The people said in every way possible that they wanted NEIGHBOURHOOD facilities, preferably on school sites for joint use and cost savings. And they wanted a pool and an arena as top targets in that order.

So the council will put a pool NOT on the Paul Kane School land, made available for $1.00, but in nearby Fountain Park.

Then four councillors in turn, and the mayor shed crocodile tears about the loss of parkland. Do they believe St. Albert residents can't see through that manoeuvre?

Next came the arena question and back to square one, with the oblate site and Phillips Barratt as architects again.

Oh they said it would be a "modest" facility! - But - the mayor and the four councillors making the move - repeated one after another that the best thing about the highway site was its potential for EXPANSION. In other words a large complex will eventually occupy a site which the people strongly opposed.

The reason given for the decision was that the St. Albert High site presented an access problem - "It's as simple as that," said the mayor.

However even two of his councillors were opposed to the arena plus other facilities on the oblate site. Councillors Smith and Throndson both registered their opposition after returning from their vacations.

The situation now, as far as the arena is concerned, is that if council doesn't get its way this time another whole year will be lost before a second arena is completed.

Council knows it has the people on the horns of a dilemma this time, which may be why they took all this time after the January plebiscite before choosing a site.

At a time when people all over this continent are pressing for more and better use of school sites as year around community centres, most members of St. Albert town council appear to have a near hostile attitude to school boards and school-community recreation plans.

It is sincerely to be hoped that no youngsters are injured or killed using highway two to reach the complex or that the money invested is not wasted because people do not use it to maximum advantage because of the site.

On the matter of the pool site it is still not too late to save Fountain Park and put the pool where the people asked for it - on Paul Kane grounds.

The arena clearly cannot be delayed and unfortunately it would probably take more than the best efforts of only two councillors to change the present plan of council in time to get construction underway this year.

Rain makes people talk

What is it about the weather that affects people?

Have you noticed that when there is lots of hot sunshine, people, far from looking happy, often look oppressed and did you know that the suicide rate goes up in spring?

Recently when a spell of hot weather broke, the topic of conversation in the shops and sidewalks, even among people who were complete strangers was: "My, isn't this rain awful?"

Yes the rain might have been awful, but at least it made people TALK friendly, which they would not otherwise have done.

Long live changeable weather. Too much sunshine would be a bore, just as too much rain would be too wet.

When activities at the St. Albert Day Care Centre, painting, building, eating and playing become too tiresome the children sometimes sit quietly on their own and read a story book as little blonde Sara Sereda of 40 Fleetwood Crescent is doing.

Town of St. Albert

The Town of St. Albert Planning Department requires a **Junior Clerk Typist.**

The successful applicant will be required to become familiar with matters relative to the Zoning Bylaw and general development in order to answer counter and telephone enquiries and issue development permits. Some general office experience preferred and a typing speed of 60 w.p.m.

Salary: $6,009 - $7,670 per annum.

Applications quoting Competition #76/64 should be submitted no later than **August 30, 1976 to Personnel Supervisor, Town of St. Albert, Churchill & Grandin, St. Albert, Alberta. T8N OG2.**

Looking Through The Files

NINE YEARS AGO
[August 30th Issue]

On August 26th, 1967 the Bank of Montreal opened its doors to the public after extensive renovations. Mayor Dick Fowler cut the ribbon and declared the bank officially opened. The public was taken on a tour of the renovated offices, were served lunch, and were given a folded card holding a new penny with the inscription "Bet you never expected a sample from the Bank of Montreal." Special guests included Mr. and Mrs. Keith R. Crossweller, Bank of Montreal premises manager, Mayor and Mrs. Fowler, Mr. and Mrs. William Veness and Gene Perron.

** ** ** **

One of the front page pictures in the August 30th issue was of Frank Tinning, Lance Mitchel and Jamie Tinning crossing a rope bridge at the Junior Forest Wardens camp at Jarvis Lake, near Hinton, where they had completed a rigorous 10-day bush survival and forest appreciation course. The course was sponsored by the Provincial Department of Youth and run by the Chief Junior Forest Warden and his staff.

** ** ** **

The 35 students who travelled to Expo for the World's Fair returned on August 6th, 1967, five hours late, tired, probably hungry and very happy with the experience of their trip. The main complaint, if it could be called a complaint, was the food. All young people love to eat, eat often and until they're full and apparently some had to depend on the food booths at the Fair to sustain them during their stay. On the overall the group had a tremendous time, one which they all probably look back on with fond and happy memories. The Paul Kane students stayed in a camp for young people at Mont St. Hilaire, Quebec, where they met many other students from schools in the Edmonton area.

** ** ** **

The Namao UCW annual flower show was held on August 23 with a 'Centennial' theme. There were several trophies won that day, the Grand Challenge Cup was won by Betty Lou Kindleman, the Ross Samis Cup by Marjorie Clark, the Clark Cup by Betty Crozier, the Speers Trophy by Irene Crozier, to name a few. The show was a complete success.

** ** ** **

On August 14th the Morinville 4H Club held its first annual award banquet in the Morinville Community Centre with about 80 guests in attendance. The banquet was attended by several dignitaries from both the municipal and provincial level. Father Primeau, who was the inspiration behind the formation of the Club spoke of the good work the group had done and the benefit the young people were deriving from the opportunity to learn to be leaders, to learn the right way of doing things.

What Caught Our Eye

By Gazette Staff Writers

From the Canadian Press
MIXED RACE CHILDREN WELL ADJUSTED

A new organization called Harmony has been set up in Britain to deal with the problem of mixed-race families. It chiefly is concerned with couples who have quietly crossed the race barrier by inter-marriage or by adopting a colored child.

Founder and secretary of Harmony is Carole Kayira, a white woman who married an African and has four children by him.

"Ten years ago children of mixed marriages were made to feel uncomfortable," Mrs. Kayira said. "Now nobody looks twice at them and in another 10 years time I think they will be envied.

"We now are a multi-racial society, and in Harmony we have a nationwide organization that can cope with the small problems which arise in mixed-race families.

"White parents, for instance, are learning what to do about their children's frizzy hair. I didn't know what to do about my daughter's hair until I met a West Indian mother who showed me some good styles."

"People seem to think mixed-race children are unhappy. In actual fact, they are often better adjusted than other children. They have a choice of cultures, they learn to be more tolerant and, because they have to be prepared to meet prejudice, they and their parents are often more open with each other.

MONKEY BUSINESS

Visitors to a zoo at Salzburg, Austria, thought some jokers had put on Planet of the Apes costumes.

But police were called when the gorilla and four chimpanzees roaming free threw pitchforks, chased people around the zoo and kicked them. The animals had smashed the monkey house roof to escape.

The chimps returned to their cages when the zoo director imitated the cries of a frightened, wounded monkey. The gorilla had to be stunned with a tranquilizer dart.

PUBLIC FORUMS to review Trucking Regulations

A Select Committee of the Alberta Legislature will review intra-provincial trucking regulations in Alberta, and report its findings to the full Legislature. The Committee's primary object is to assess if regulations can promote a healthy trucking industry, providing the best service at reasonable cost.

Specific topics include: present service provided by the trucking industry; levels of service required; viability of the industry; rate regulations; control of entry; and control of routes. **The Committee will not be considering vehicle size, weight and dimensions, or locations and conditions of roads.**

Input is welcomed from the trucking industry, truck users, and the general public. For this purpose, forums will be held in a number of locations, including:

EDMONTON Board Room, Transportation Building
9630 - 106 Street
THURSDAY, OCTOBER 7, 9:00A.M.
FRIDAY, OCTOBER 8, 9:00 A.M.
SATURDAY, OCTOBER 9, 9:00 A.M.

Individuals and groups wishing to make a presentation should notify the Chairman at least ONE WEEK PRIOR TO THE FORUM DATE, providing a copy of any written submission they have prepared. The Committee will attempt to set times aside for presentations.

For this purpose, or for more information, write to:
Hugh Planche, M.L.A.

NOTICE OF INTENTION TO EXPROPRIATE

1. **TAKE NOTICE THAT THE TOWN OF ST. ALBERT**, a body corporate in the Province of Alberta, intends to expropriate the following lands situate in the Town of St. Albert in the Province of Alberta and described as:

"Lot Fifty-Five [55] in Block Four [4] in the Townsite of St. Albert aforesaid as shown on Subdivision Plan [G]. RESERVING THEREOUT ALL MINES AND MINERALS.

11. The nature of the interest in the lands intended to be expropriated is a fee simple.

111. The work or purpose for which the interest in the lands is required is the construction and maintenance of a road.

IV Section 6 of the Expropriation Act, Statutes of Alberta, 1974, Chapter 27, provides:

6. (1) No person may in any proceedings under this Act dispute the right of an expropriating authority to have recourse to expropriation.
(2) In any proceedings under this Act the owner may question whether the taking of the land or the estate or interest therein, is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority.

V. Section 10 of the above-referenced Act provides:
10. (1) An owner who desires an inquiry shall serve the approving authority with a notice of objection,
(a) in the case of an owner served in accordance with section 8, subsection (2), within 21 days of service upon him of the notice of objection, and
(b) the notice of objection shall state:
(a) the name and address of the person objecting,
(b) the nature of the objection,
(c) the grounds upon which the objection is based, and
(d) the nature of the interest of the person objecting.

V1. A person affected by the proposed expropriation does not need to serve an objection to the expropriation in order to preserve his right to have the amount of compensation payable determined by the Board or the Court, as the case may be.

V11. The approving authority with respect to this expropriation is the Town of St. Albert, St. Albert, Alberta.

DATED at the Town of St. Albert, in the Province of Alberta, this 19th day of August, A.D. 1976.

THE TOWN OF ST. ALBERT

Senior Citizens News

The bus outings arranged by Lily Szuba on Tuesdays have proved very popular. These were substituted for the whist and bingo games when the attendance really dropped.

On Tuesday, August 24, the destination was Camrose and a bus rented for the occasion left the Centre around 9:30 a.m. At the time of writing, the travellers had not yet returned but it is hoped the sun eventually shone for them as it did in St. Albert.

Next Tuesday, August 31, instead of an outing, a picnic will be held in Lions Park, near the bandshell. Starting at 1 p.m., the program includes croquet, horseshoes lawn darts and perhaps a sing song as well. And the menu will include sizzling hot dogs, delicious ice cream and refreshing pop. If it rains, well, the centre isn't too far away.

Anyone wanting to attend should phone Lily Szuba at 459-8809 before Monday, August 30. The picnic is for members but memberships will be available that afternoon for those who haven't yet joined. The membership fee is $1.00 and lasts till April 30, 1977.

P.S. The president of the Senior Citizens' Club, Dan Richardson, recently celebrated a birthday about which he kept very quiet. Nevertheless, many happy returns, Dan!

"Almost New" shop opens Saturdays at Seniors Centre

Mothers especially are reminded that the "Almost New" shop will be open for business at the Senior Citizens' Centre (north of the curling rink) on Saturday, August 28 from 1 - 4 p.m. This is a very good opportunity to buy some of those back-to-school clothes for a very nominal sum.

The shop, organized and manned by members of the Senior Citizens' Club "grew" out of the Flea Market held in the spring. There was obviously a need and demand for second-hand clothing in good condition which still had a lot of wear left in it; this applied to children's clothes particularly. So the seniors decided to meet an apparent need in the community and the "Almost New" shop was born. All the proceeds from sales go towards the operation of the senior citizens centre as well as various activities, and there has also been some discussion of building an addition to the centre.

Mrs. Bernie Vaugeois is the convenor of the committee looking after the shop project and she may be phoned at 459-6273 for further information. Although the ladies look after the store, they have the welcome assistance of the men in the setting up of the tables. The men have also been responsible for the making or acquisition of the storage required for the articles up for sale.

Donations of clothing will be accepted at the Centre while the shop is open: August 28 from 1 - 4 p.m. But please, don't cut the buttons off and please, make sure all garments are clean. Although the emphasis at this time of the year is on children's clothes, all wearable clothing will be accepted.

Max Ritchie United Way's new vice chairman

Mr. Max Ritchie has agreed to serve as vice-chairman of this year's United Way Campaign, it was announced recently by Campaign Chairman, Frank Spragins.

Mr. Ritchie recently retired as senior vice-president of Cochran, Murray and Wisener Ltd. and is president of Medway Investments Corporation Ltd. and Sherwood Industrial Estates as well as being a director of the Citadel Theatre, and member of the Rotary Club. He has been chairman of the Investment Dealers Association, Alberta Division and Chairman of the Edmonton Parks and Recreation Advisory Board.

As vice-chairman of the United Way Campaign, Mr. Ritchie becomes a member of the Campaign Cabinet and will assist with the overall campaign organization in endeavouring to raise $2,760,000 for the 43 agencies which are supported by the United Way.

OBITUARY

Cecil David Wilson, formerly of St. Albert, passed away on August 19th in Calgary at 58 years of age. The funeral was held on August 21st at Layton Funeral Home in Calgary. Rev. Vander Leist officiating. Interment followed at Queen's Park Cemetery, Calgary.

Parish kindergarten prepares for 76-77 year

A group of about 200 to 250 parents gathered at Vital Grandin School on Monday night for the annual meeting of the St. Albert Parish Kindergarten. The new chairman, Mr. Rav Houle, presided over the meeting.

The two main topics on the meeting's agenda were the presentation of the budget and the opening date of the 1976-77 school year.

September 13 is the first day of regular attendance for the children although the school will be open on September 7. During the week of September 7 to 10 the 75 to 80 students who did not go through the screening process last June would be required to take part at this time. The screeening process is a series of diagnostic tests which enabled the teacher to get to know the children better, to identify any special problems they may be having and to outline a program to assist them in these areas. Each child is put into a group of about five students and is tested in several areas of development such as motor co-ordination or language development.

The other topic on the agenda was the presentation of a very strict budget which the Board felt it could stay within except for one area. The problem of unforseen expenditures, such as the withdrawal of students from the kindergarten, would make the budget inadequate. The subsequent reduction in the government grant would mean that a deficit would occur. To offset this possibly the Board decided to introduce a charge of $1.00 per child to be put into a fund to handle any 'unforseen expenditure' which might arise during the school year. The motion was heartily approved by all present at the meeting.

In addition to these two items of business the parents received a timetable, busing information and the teacher's name. There is no charge for busing kindergarten children to and from school since the government provides $1.20 per child for transportation costs which is sufficient to meet the cost.

The Early Childhood Coordinator, Eldean Kathol talked to the parents and emphasized the need for more parent involvement as volunteers in the class, as assistants on field trips and activities, and in the preparation of instructional materials.

There are 290 children enrolled in the St. Albert Parish Kindergarten for the 1976-77 school year. The kindergarten is run by the St. Albert School District #3 in co-operation with the St. Albert Parish. This co-operative effort of both the District #3 Board of Directors and the Parish Board of Directors provides the parents with an opportunity to become more involved in their child's education. The school is located at #2 Madonna Drive, behind the Mission tennis courts.

Some finished works are displayed at the St. Albert Day Care Centre. Included in the display are some lobsters and bottles decorated with tissue paper which the children made earlier in the month.

Environment films at the library

By Margrit McCreath

Being featured this evening at 6:30 in the St. Albert Public Library's Annex are six films on the environment of cities. Come and see: Garbage Explosion, Little Man Big City, Cities in Crisis: A Matter of Survival, What on Earth, Boomsville, and The Burning World.

Next Wednesday, September 1st will be the last evening in our Family Film Program. We are happy to present two fine films: Animal Farm and The Red Kite.

A successful summer session of Story Hour has come to a close. For those interested, Pre-School Story Hour will resume on September 21. Watch for more information on library programming for the fall season in theGazette.

Mr. and Mrs. Brian Tompkins wed

On Saturday, July 3rd Vickie Mary Bryant and Brian Raymond Tompkins were married at Kirk United Church with Rev. R. Leppard performing the double ring ceremony.

The bride is the only daughter of Mr. and Mrs. Lloyd Bryant and the groom is the only son of Mr. and Mrs. Vern Tompkins, all of St. Albert.

The groom was escorted to the altar by his parents where they waited to be joined by the bride and her parents.

The bride looked lovely in her floor length gown of white organza trimmed with chantilly lace. From the headpiece, accented with pearls, a full sheer voile flowed down to her waist and was trimmed with matching lace.

The bride carried a bouquet of red roses. She wore a pearl pendant around her neck, a gift received from the groom for the special occasion.

For her daughter's wedding the bride's mother chose a blue chiffon gown complimented by a corsage of pink roses.

The groom's mother chose a pink fortrel gown complimented by a corsage of white and pink roses.

Attending the bride was Karen Bryant, cousin of the bride, Roberta Parayko, friend of the bride, Jill Longstaff, cousin of the bride, Shannon Donelly, flowergirl, friend of bride and groom. They all wore identical red crepe gowns trimmed with white lace and they wore white floppy hats trimmed with red ribbon. They carried bouquets of white carnations and red rosebuds.

MR. & MRS. BRIAN TOMPKINS

The groomsmen were Dennis Hodgins, cousin of the groom; Lane Bryant, brother of the bride, Larry Taerum, cousin of the groom, Sean McLennan, ringbearer, a second cousin of the bride. The best men looked distinguished in their black tuxedos while the groom wore a white tuxedo jacket.

The ushers were Doug Bryant, cousin of the bride and Garfield Hodgins, cousin of the groom.

Following the ceremony a lovely reception and dance was held at the new St. Albert Legion for 225 guests. The head table was decorated with a three tiered wedding cake with chimney candles on either side.

The toast to the bride was given by Vickie's uncle, Ed Harrison, and Ken Holloway acted as master of ceremonies. Table grace was given by the bride's grandfather, Bill Slykhuis.

As the supper hour came to a close Vickie presented her Aunt Alma and Uncle Sid with a gift for their 22nd anniversary and also presented her three year old cousin Fay McConnell with a birthday gift.

Out of town guests were from Winnipeg, Ontario, Regina, Calgary and Lake Cowichan, B.C.

Vickie and Brian are now residing in Edmonton after a honeymoon trip to Yellowstone Park, Spokane and several points in B.C.

Grant MacEwan offers many courses

We all know that September means back-to-school for kids but it can also mean a return to learning for many adults, as well. More and more people, every year, are deciding to enroll in a night class and there is such a bewildering variety to choose from.

Grant MacEwan Community College will offer 186 different evening classes this September and there really is something for everyone. For people who can't attend regular day credit classes the College will offer over 60 evening credit courses of many different kinds - Accounting and Fashion Modelling, Early Childhood Development and Sociology, Typing and Travel Consultant - to name just a few. And for people who want to learn something new just for the fun of it, there are 126 General Interest courses. You can learn how to ride a horse, how to care for your plants, how to decorate your house or how to meditate. You can learn about stereo systems or the timeless wisdom of Indian Elders, examine the women's movement or Ukrainian literature, take up ballroom dancing or creative photography, try natural foods cooking or yoga, discover a flair for acting or the impact your upbringing has had on your interpersonal relations. Maybe back to school can be a pleasure after all.

Detailed information on Grant MacEwan Community College's many classes is available through a special evening calendar. Call the Continuing Education Division at 433-6454 to have one mailed to you.

SOME OF THE 130 youngsters who registered for the vacation bible school at the Braeside Presbyterian Church last week August 16 - 20 managed to pause for a moment before they left the closing session. Pastor Noel Gordon says the kids learned the kinds of crafts that would make them happy on a rainy day. He was very pleased with the response to the bible school where the kids took in bible studies, recreation, music and crafts.

Parsonally Speaking

First Baptist Church

BREAD ON THE WATERS

"Cast thy bread upon the waters, for thou shalt find it after many days." Eccles. 11:1.

Many years ago a young Scotsman was returning from work. While on his way home he saw a young man who had been caught in the quick-sand. At the risk of his own life, the young Scotsman saved the boy from death. He took the boy home. The wealthy father wanted to reward the rescuer. He refused. The rich man persisted and finally said, "If I cannot reward you, let me do something for your family." The Scot agreed that he would let this man send his son to college. The son of the Scot went off to one of the finest medical schools. His name was Walter Fleming, the discoverer of penicilin.

The story does not end there. The son of the wealthy man who had been rescued from the quick-sand grew up and went off to war. He was wounded out in the battle-field, and it looked as if he would die. At last a new antibiotic reached him: medication was given, and he was made well. The anti-biotic was penicilin. That young man was Winston Churchill.

The Bible says "For as the rain cometh down and the snow from heaven, and returned not thither, but watered the earth, and maketh it bring forth and bud, that it may give seed to the sower, and bread to the eater: So shall my word be that goeth forth, it shall not return unto me void."

A motel? A lodge? A dance hall? NO! A fertilizer warehouse! Many people have watched as construction on this building west of Highway #2, north of St. Albert progresses. The warehouse is owned by and will be the new home of Sturgeon Valley Fertilizers Limited. The plant will be ready for product this October and an official opening will be held next spring. The new building is equipped with a blender for doing custom blending, as well as providing both bag and bulk fertilizer.

Around Town

About 30 or 40 young people gathered at the Knutson home in New Sarepta last Saturday to offer their congratulations and best wishes to Mel and Jan Knutson who were recently married in Australia. Festivities began in the late afternoon with horseshoes, croquet and friendly visits among friends and continued until the wee hours of the following morning. Around 9:30 p.m., the fires were lit and a steak barbecue (accompanied by many delicious salads brought by the girls and Joy Knutson's superb chili) eased the voracious apetites of those present. After the feast a bonfire was lit and the afternoon's conversations and activities continued. Everyone agreed that the party was a resounding success.

BAHA'I

Religion and Science:

"Religion must be in harmony with science and reason. If it does not conform to science and reconcile with reason it is superstition. Down to the present day it has been customary for man to accept a religious teaching even though it were not in accord with human reason and judgement. The harmony of religious belief with reason is a new vista which Baha'u'llah has opened for the soul of man."

-from the Baha'i Writings.

Jewitt - Wilman exchange vows

Florence Miller played the wedding music.

The bride was given in marriage by her father, Donald Jewitt. She looked radiant in her gown, designed and sewn by herself. The dress, styled with an empire waist trimmed with rose appliques, was complimented by a hooded cape of lace bordered with rose appliques. She carried a bouquet of cascading coral roses.

St. Matthews Anglican Church, St. Albert, Alberta was the setting for the July 30th wedding which united in marriage Suzanne Carolyn Jewitt of St. Albert and Frank Wilman of Edmonton. Reverend J. C. Barford officiated at the double ring candlelight ceremony. Mrs.

Bridesmaids Linda Kubbernus and Gail Neumann wore matching peasant style gowns of floral sheer, carried nosegays of coral roses and white carnations and wore guests in a gown of floral print on white complimented with a corsage of talisman roses. The groom's mother, Mrs. Nell Wilman from Portage La Prairie, Manitoba chose cornflower blue with white accessories and a corsage of pink sweetheart coral roses with baby's breath in their hair. Preceding the bride down the aisle was flower girl Holly Williams, cousin of the bride. She wore a dress of white embroidered cotton over coral and carried a basket of carnations and daisies.

The groom wore a pale blue pinstripe suit, and was attended by his brother Rob Wilman and Steve Jewitt, brother of the bride. Ushers were Ken Jewitt, brother of the bride and Damian Bulesch, friend of the groom.

An evening reception was held at the Club Mocombo. Mrs. Jewitt received her roses. Mr. Gordon Miller was master of ceremonies. The toast to the bride was proposed by Mr. Al Hargest.

The bride's maternal grandparents Mr. and Mrs. Charles Garbutt from Red Deer were special guests at the head table.

The three tier wedding cake was made by the bride's mother and beautifully decorated by Mrs. Esther Kubbernus.

Guests from out of province included: Mrs. Lena Petechaty of Saskatoon, Mrs. Fran Acheoya, Miss Ann Wilman of Portage La Prairie Margaret Wilman and Rob Wilman of Winnipeg, Mr. and Mrs. Gerald Lind of Kelowna, Mr. and Mrs. Adrienne Gauthier of Esterhazy, Sask.

Sue and Frank will make their home in Fort McMurray.

MR. & MRS. FRANK WILMAN

Beta Sigma Phi opens in St. Albert

Beta Sigma Phi, a special, cultural and service organization for women, has just established a second chapter in St. Albert.

The purpose of the sorority is to enrich the lives of its members through planned programs, social activities and extended friendships.

Members are active in small Chapter groups with other members of congenial ages. Each chapter adapts the plans for social, service and cultural activities to fit the interests of its own members.

An introductory luncheon is planned for Sunday, August 29th, members of the Xi Phi Chapter will explain the privileges of membership, the activities of Chapters and other Beta Sigma Phi functions.

We would welcome the opportunity of talking with anyone interested in becoming part of our sisterhood.

Please call Judy Kolbuc at 458-0772.

Town of St. Albert

NOTICE OF PUBLIC HEARING

Please be advised that the Council of the Town of St. Albert proposes to pass Bylaw No. 26/76 being a bylaw to amend Schedule "C" of Bylaw 23/71 being the Zoning and Building Bylaw of the Town of St. Albert, be deleting the Lot Depth Requirement under R-1 a, b, and c and replacing it with the following:

MINIMUM SITE AREA

R-1 a, b, c Depth - All lots fronting bulbs in crescents or cul-de-sac road designs shall have a minimum lot depth of 100 feet [measured as the minimum perpendicular distance from rear to front property line]; all other lots to have a minimum depth of 110 feet.

The proposed Bylaw No. 26/76 may be examined between the hours of 8:30 a.m. and 4:00 p.m. weekdays at the Office of the Municipal Secretary in the Town Hall, St. Albert.

A public hearing on the proposed bylaw will be held in the Council Chambers, Town Hall Annex, on Tuesday, September 7, 1976 at 7:45 p.m.

Written representations concerning the manner in which any provision of the proposed bylaw may effect him will be received by the Municipal Secretary until 12:00 noon on Friday, September 3, 1976. Persons wishing to make oral representation may do so by appearing at the public hearing.

Municipal Secretary.

St. Albert Scouters take part in Jamgatta '76

A group of 25 Scouters, 21 boys, four leaders, and three staff members left for an eight-day camping experience on July 23rd. They returned on August 1st after a successful and rewarding trip.

Jamgatta '76 is held in Alberta every four years and this year it was held at Camp Woods near Sylvan Lake. A total of 1443 Scouts and Venturers from Alberta, across Canada and the U.S.A., as well as representation from Australia and Denmark were welcomed at the event. In addition 205 Leaders, and more than 116 staff were in attendance at the camp. The eight day camp featured camping, outdoor cooking, pioneering, orienteering, sailing, canoeing, riflery, archery, water skiing and other Scout activities. Most of these activities were entirely novel to most of the boys in the St. Albert division.

"It was a good camp," reported Mr. Bob McKay, St. Albert leader. "Nobody starved to death," he said jokingly.

Any of the St. Albert Scouts who wished to attend the camp were able to do so at a nominal cost.

The international flavour of the camp was an excellent experience for the Scouters. The St. Albert contingent were camped close to a group from Dartmouth, Nova Scotia and another Negro group from Detroit, Michigan. Scout Leader Bob McKay said that it gave the boys a chance to compare their interests and activities and broadened their knowledge of people and places.

Next year's Canadian Jamboree will be held in Prince Edward Island and Mr. McKay feels that several of the St. Albert boys and leaders will be attending. He estimated that as many as eight to 10 boys and three to four leaders could make the eastward treek to take part in this annual Scouting event.

Program to increase parent effectiveness

We all have ideas about what a parent is.

A parent is. Teacher, protector, judge, nurturer, pal, moral guide, always right, and above all else, in charge. So carrying around this cultural model and some instincts for the job - and a lot of feeling about how our parents bungled it we get about the business of parenting without a board of directors or quarterly statement.

By the time the children are school age, the family is rigidly locked into a role relationship. Parents and children; Us and Them. Without ever meaning to, the family takes on a power game where problems become struggles and parents and children become winners or losers.

But does it have to be that way? Does Susy have to storm away from the table 72 times before her 16th birthday? Do you have to have a weekly hassle over the Saturday morning chores. There is a program offering on-the-job training to parents, that says "No." Its called parent effective training - an eight week course to learn the P.E.T. method of running a family.

Most of us in human relationships are not out to be bad guys. We want to be in with the good guys. So P.E.T. starts with the belief that parents and children don't want to fight - they want to get along. In relating to children by the P.E.T. method we find out who has the problem. The problem that belongs to the child should be solved by him. The adult role in that situation is to listen to him and encourage him to accept his feelings and come to a solution. P.E.T. also teaches the importance of parents expressing their own true feelings about situations to the children. When a parent has a problem - i.e. when something happens that is unacceptable to the parent, whether its a messy kitchen or 5 p.m. noise level - she (or he) is taught to say exactly how she (or he) feels about it, whether it is anger, frustration, being tired or sad.

If the children are jumping around in the back seat they don't feel they have a problem. The driver does. The usual responses - You sit down and be quiet, Don't jump in the car - are inaccurate as it is ineffective, they are you-messages.

P.E.T. teaches (I) - messages, like "When you jump in the car I worry that if we stop short you could go through the windshield." This kind of statement of your feelings gives the problem back to the children so they can modify their behaviour. Remember the underlying premise that kids want to get along with you if you let them.

Roy Chubb of the Pastoral Institute, Edmonton will be instructing a P.E.T. course starting Monday, September 20, Grandin Rm., St. Albert Parish. For information call Joanne Helten 458-3891.

Time is money. Every dollar works for you every 24 hours with a Plan 24 account.

Plan 24 is the action savings plan that never stops working for you. It's a totally new concept in savings plans and is available only at your credit union.

Plan 24 is designed to maximize interest earned on short term deposits. Unlike other savings vehicles, a Plan 24 account earns interest on the daily balance every 24 hours, not every month, or every quarter.

For example, if you started a regular savings plan into which you deposited $25 every Friday, starting on the fifth day of the first month, and your account received a nominal interest rate of 7%, Plan 24 would actually earn you 47% more interest in the first three months than a comparable thirty day deposit account. In fact, Plan 24 at 7% would earn you more than the other account, even if it paid 10% for the same period.

That is why every day more Canadians are saving at their credit union with a Plan 24 account. Ask us for details, and start a Plan 24 account with us right away.

Remember, with Plan 24 every day makes a difference!

Plan 24 - available only at your Credit Union.

Edmonton symphony chorus all set to go

The 120 voice Edmonton Symphony Chorus is all set to go for another season and is casting around for more voices to swell the Chorus ranks.

Rehearsals will get underway September 14 at 8 p.m., in the Jubilee Auditorium. The main work that chorus members can get their teeth into will be Haydn's, "The Creation," which will be performed with the Edmonton Symphony Orchestra just after Christmas.

There is a very strong possibility that another major work will be performed in the fall and a Christmas concert also looks certain.

New Chorus Master is internationally acclaimed tenor David Astor.

Mr. Astor is assistant head of the voice-opera department of the Banff School of Fine Arts and also full time sessional instructor in the music program at Grant MacEwan Community College. He has appeared in 30 operatic roles, and has had his own radio series in Great Britain and Canada.

DAVID ASTOR - takes podeium with Edmonton Symphony Chorus.

He has appeared with the Royal Opera, Canadian Opera Company and other leading companies in Canada the USA, Europe as well as many of the leading symphony orchestras of North America and Great Britain. He is renowned for his singing of Bach, particularly the evangelist role in the Passions.

New accompanist Elaine Dobek will provide piano back-up at rehearsals.

Auditions for the coming season will be held September 7 and 8, 8 p.m. in the Assembly Room of the Jubilee Auditorium. The Chorus is particularly looking for new tenor voices. For an audition appointment, call Edmonton Symphony Chorus President Anna Kempffer at 973-5049.

Regular rehearsals will follow the traditional pattern, weekly on Tuesday evenings.

It should be an exciting season for the Chorus and as Mrs. Kempffer put it, "We want to get people excited about the work we are going to do."

Textbook in Navajo ready for school

For countless generations, Navajo Indian elders have passed their language, legends, and traditions along to the young.

Increasingly, they are using their language in the schools. It hasn't always been easy. Mimeographed teaching texts often are saddle-stitched together on poor quality paper and illustrated with dull black-and-white photographs. Now a new book in the Navajo tongue points the way to a bright future.

The lavishly color-illustrated book about lion cubs has been made available to the Indians by the National Geographic Society. It is one of a series of children's books published by the Society's Special Publications Division.

Just in time for the new school year, 18,500 copies of the book will be distributed to school systems in New Mexico, Arizona, and Utah.

The project was made possible by a Health, Education, and Welfare Department grant to the Ramah Navajo School Board in Ramah, New Mexico, in co-operation with NAMDC.

"We're delighted with the book," says NAMDC Director, Gloria Emerson. "This is the first time a high quality book with color illustrations has been made available in our classroom. It should be of enormous help to teachers at kindergarten level and well beyond."

On a more modest scale, 1,500 copies of the same book have been translated into Keresan, a Pueblo Indian language for distribution to schools in New Mexico.

A difficult language in print, Navajo is liberally sprinkled with many accent and punctuation marks called glottal stops. Misplacing a glottal stop or placing an accent mark just a fraction too high can change the meaning of the text.

Around Town

Eighty-four year old Mrs. Eileen Cribbin from Dublin, Ireland has arrived for a visit in St. Albert. Mrs. Cribbin is here to visit her daughters Mrs. Monica McKinley and Mrs. Terry Hoynik of St. Albert as well as Mrs. Breda O'Hagan of Calgary. This is Mrs. Cribbin's third visit to Canada and this time she was escorted by her son Tom and his wife Joan. They arrived August 14th and will return to Ireland September 8th. They will have a short visit in Vancouver where Mrs. Cribbin will have an opportunity to meet her son Bill, from Denver, Colorado and her first grandson Hugh McCaffery of Portland, Oregon (formerly of St. Albert).

While in St. Albert Mrs. Cribbin will not be short of company. In addition to her daughters, Mrs. Cribbin has three grandchildren and two great-grandchildren living here.

Mr. and Mrs. Tom Cribbin are enjoying their first visit to Canada.

NCA championship preview

By Paul Riopel

Last Wednesday night, the Rochester Lions made no mistake in dumping the Legal Pontiacs 19-1, thereby assuring themselves of third place in the N.C.A. Baseball League.

The Linaria Flyers joined the Manufacturers as the second team which was supposed to make it into the playoffs but didn't.

Theirs was not as great a disappointment, however, as that suffered by the Pontiacs who did not manage a win all season long.

The Barrhead Broncos, meanwhile, posted three victories during regular season play; they fielded a young club in their first season of operation, a club with some promise of better things in future years.

Next Sunday, August 29th, the league championship series will be held at Lions Park in Westlock. Bob Oko of the Red Lions will probably be starting on the mound against Peter Provencal of the Blues. Though the Red Lions have had no difficulty disposing of the Blues by scores of 6-0 and 9-1 during the regular season, they will be contending with a determined club.

Should Oko manage to retire the Blue machine in the first three innings without allowing a run, it will be reasonably safe to assume a Red Lion victory. The infield with Kellor and Bolkaway is usually tight, especially when Oko is off to a fast start. Vimy's outfield is at least comparable to Westlock's especially when you consider the steady performance of Bevin McNally in centrefield. Unless the Blues quickly dispose of Bob Oko, the edge will be in Westlock's favor.

It is difficult to argue with the Bon Accord Tigers' ability to hit the ball well. Dale Lewis, the unchallenged batting leader on the club with a .534 percentage, is an awesome threat as are Bon Accord's 400 men, Gary Foreman and Brian Irmen. Nevertheless, Rochester's Gary Hukulak has been impressive against the Tigers this year. Each team has a win and a loss during regular season play and both times one run only was the margin of difference. Both teams will be hungry.

The final game of this Series will be held at 5:30 p.m., Sunday, August 29th in Westlock. It should be well worth taking in.

Traders soon in training

Fort Saskatchewan Traders, a new entry in the Alberta Junior A Hockey League, announce that their training camp will open on September 14, at the Fort Saskatchewan Jubilee Recreation Centre.

Coaches, Gene Achtymichuk and Jim Jost ask that all interested players contact the club at 998-7170, or Ken Lamb, manager at 998-3626. Players coming to camp are asked to bring their own equipment.

Season's tickets for the 1976-77 home games go on sale August 16, at a price of $50 for 30 home games. This first home game is October 10, and the home schedule winds up on February 20, 1977. This will include a special games package at the Edmonton Coliseum on November 7th, 1976, and February 20, 1977.

Season's tickets can be obtained by calling 998-7170, or 998-3626 and at the Fort Saskatchewan Mohawk Service. Chargex will be accepted.

St. Albert Recreation Report

From the St. Albert Parks and Recreation Dept.

GROSVENOR POOL HOURS

Now that classes are completed the following is the revised time schedule for public swimming: Monday - Friday: Early Bird Swimming 7:00 - 8:00, Recreational Swimming 9:00 - 12:00. Other recreational and family swim times remain the same. The pool will officially close September 6, 1976 for the season. The new public swim times will be in effect August 30 - Sept. 6.

PROVINCIAL VOLLEYBALL OFFICIALS CLINIC

The 1976 Provincial Volleyball Officials Clinic will be held Saturday, September 25 at Eaglesham, Red Deer and Medicine Hat. These clinics are co-sponsored by the Alberta Volleyball Association and Alberta Recreation Parks and Wildlife. Cost of registration is $2. Out of town candidates may apply for travel assistance to these clinics at a rate of $.06 per map mile after the first 100 miles, return trip. Applications are available at the Town Hall Parks andRecreation Office. Deadline for registration is September 17, 1976. For further information contact Helen Greaves, sports consultant, A.R.P.W. at 427-2015.

PLAYGROUNDS

This year the seven playgrounds in St. Albert provided play opportunities to 7,638 children 12 years of age and under. Of these, 4,400 were boys and 3,258 were girls. The Department would like to thank all the boys and girls who came out last week to help clean up their playground. See you next summer.

A big thank you also goes out from our playleaders to all the moms who came out and helped with the Mom and Tot program at the playgrounds. We hope that you and your child found the experience enjoyable.

FALL PROGRAM CALENDAR

The 1976 Fall Calendar of Further Education Courses and Recreation activities will be coming to your home the week of August 30 - September 3. Registrations will be accepted by mail September 6 - September 17. All classes except yoga and

Edmonton district - Leduc and Morinville Reservoirs - slow; rivers are high and muddy.

Stony Plain district - Lac St. Anne and Wabamun Lake - fair for pike; Devil's Lake - good for pike; Hasay, Star, Chickakoo and Sauer Lakes - poor for rainbow trout.

Playboys win fastball league

Stony Plain Playboys, regular season pennant winners carried on in the playoffs and defeated Spruce Grove Panthers in a best of three series to win the "A" division of the Sturgeon Men's Sturgeon Fastball League.

Playboys lost the opener 2-0 but then took the Panthers out in two straight by scores of 8-2 and 5-4 in nine innings.

The league trophy was presented by Jack D'Hoedt, manager of the Stony Plain Kings.

In the "B" series it's all tied up at one game each in the best of three between Calahoo Chiefs and St. Albert A's.

A's won the opener last Wednesday with an excellent 2-1 win over Calahoo behind the strong pitching of Randy Schmidt.

In the second game played in Calahoo on Monday night, Chiefs scored a close 4-2 win.

Chiefs runs came on a two run homer by Larry Mitchell and run scoring singles by Curly Schneider and Emile Berube. Art Stevenson was on the mound for Calahoo. A's pair of runs came on a two-run blast by losing pitcher Randy Schmidt.

The third game will be played in Calahoo tonight at 7 p.m.

Kings win Calahoo fastball tournament

Stony Plain Kings with player help from the Playboys defeated Whitecourt Dahl Tigers 8-2 in the final game of "A" event and won the annual 16-team Calahoo Sports Association fastball tournament.

Kings defeated St. Albert A's, Retail Clerks and Fultonvale to reach the final while Tigers had wins over Onoway, Spruce Grove KC and Calahoo Chiefs to reach the finals.

Please Turn to Page 18

Labatts promotes Canadian World Cup soccer team

Labatt Breweries of Canada recently announced a program of financial and promotional support to Canada's entry in the qualifying rounds of the 1978 Fifa World Cup of Soccer.

The team and organization, to be known as "Soccer Canada," will be administered by the Vancouver Whitecaps of the North American Soccer League under an agreement with the Canadian Soccer Association.

Soccer Canada Chairman, Herb Capozzi, announced the appointments of John McMahon of Toronto as team manager and Eckhardt Krautzun of the Whitecaps as coach.

The team roster will be comprised of the best available Canadian players from professional and top ranked amateur clubs.

Labatt's support to Soccer Canada will take the form of a $100,000 revenue guarantee plus marketing assistance.

Canada's race for soccer's highest honours will start with a two game series in Edmonton, September 8, 1976 and Vancouver, September 10 against the NASL New York Cosmos featuring the incomparable "Pele."

Following these matches in Edmonton and Vancouver, Soccer Canada will host the U.S. and Mexico in the first of a home and home series with the winner advancing to the second round competition in February.

Kings

Cont'd From Page 17

Tigers had by far the most home runs in the tournament as they blasted 12 over the fences.

In the "B" section Peerless Royals shutout Armada Contractors 5-0 in the final game to take the "B" division final.

Royals lost their opening game of the tournament to "The Sting" but then defeated Spruce Grove Panthers and St. Albert A's to reach the finals.

Armada lost their opener to Spruce Grove KC and then had wins over Onoway and Fort Saskatchewan.

In the 10-team ladies tournament Sangudo defeated Plamondon in the final game to win the "A" event while Whitecourt defeated Calahoo in the final to take "B" event.

The Calahoo Sports Association is to be congratulated for their excellent work in running the tournament and for the barbecue supper on Saturday that is by far the best in the country.

The fellow upstairs also co-operated for another year and we thank Him.

recreation

Boating Tips...

DOUBLE UP FOR FUN

Two families with different boats can find a weekend cruise doubled in pleasure simply because they have the combined capability of water skiing, fishing, cruising and exploring. Limitations of one boat are offset by advantages of the other. Time can certainly be put to better use. And safety is also enhanced, say the MerCruiser stern drive people. When it is necessary to cross an open stretch of water, it is comforting to have another boat nearby. A pair of boating families can always pitch in and help one another out to make the boating experience more pleasant.

KINSMEN MINOR HOCKEY 1976/77

WE WILL AGAIN TRY TO ORGANIZE A LEAGUE AND APPLICATIONS ARE AVAILABLE AT THE ABOVE LOCATIONS.

A Coaches Level 1 Soccer Clinic will be held SEPTEMBER 10th through 12th at NAMAO SCHOOL [Junction of Highway 28 and 635]. Such things as rules and regulations, offensive and defensive techniques will be explained as well as films, slides and demonstrations. A minimal registration fee will be charged. Any adults interested in attending this two-day clinic are asked to contact **MRS. JEAN MONAGHAN AT 973-5596 or STURGEON REGIONAL RECREATION AT 939-4317 BEFORE THURSDAY, SEPTEMBER 9th, 1976.**

DECISION

Ottawa, August 17, 1976.

The Canadian Radio-television and Tele-communications Commission announces the following decision effective forthwith.

Decision CRTC 76-535

ST. ALBERT, ALBERTA - 750913600

St. Albert Broadcasting Ltd.

Application for a broadcasting licence for an English language AM radio station at St. Albert, Alberta on the frequency 1070 kHz with a power of 10,000 watts day and night.

Decision: **DENIED**

The Commission considers that this region is already well served with AM radio stations and is therefore not willing to approve the use of the frequency 1070 kHz for the service proposed by the applicant.

Guy Lefebvre
Secretary General.

Canadian Radio-television and Telecommunications Commission

Conseil de la radiodiffusion et des telecommunications canadiennes

1976 Junior Olympics draws half million young Canadians

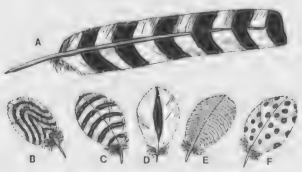
More than 500,000 Canadian youngsters from nine to 19 years of age have registered so far this year in the Junior Olympics Program, it was revealed recently.

The four year old program, designed by the Canadian Olympic Association and sponsored by The Royal Bank of Canada, enables and encourages as many young Canadians as possible to participate in amateur sports especially those with emphasis on Olympic disciplines.

Through provision of incentive awards and certificates of participation, the program assists sports organizations at the national, provincial, regional and particularly at the community level to stage Olympic-related events.

"It is most heartening to see this response from young Canada," said Harold Wright of Vancouver, president of the Canadian Olympic Association. "The impact of the recently-closed Olympic Games at Montreal will certainly broaden the field of interest. The young athletes now have proof positive that there is a rewarding future in amateur sports across Canada. COA is highly appreciative of the Royal Bank's contribution to and the provincial government's role in making our Junior Olympics Program an outstanding success."

He noted that the bank's sponsorship will continue through 1977, adding that he expects participation to increase significantly through the next 18 months.



Marsh World
Ducks Unlimited (Canada)

FEATHER PATTERNS — Many and varied are the patterns of feathers. Above are shown a few examples. (A) A secondary wing feather from a female Marsh Hawk, strongly barred with dark brown. Barring such as this is common among the hawks. The body feathers of ducks have a wide range of barred, spotted and finely vermiculated feathers. Shown are, (B) concentric rings, (C) bold bars, (D) streaked, (E) vermiculated, and (F) spotted. Combinations of these feathers in various colors make up the overall appearance of the bird. In the case of females the effect is nearly always one of camouflage.

STRETCHING YOUR INSURANCE DOLLAR
BY JOHN ZITS

TIP #13

Don't get caught with yesterday's insurance on tomorrow's house. Some insurance policies written on homes have no way of keeping up with inflationary costs. But SAFECO automatically adjusts the amount of insurance on your home with changes in costs of construction. For instance, if you insure your $40,000 home today for $40,000 —but five years from now the replacement cost is much higher, SAFECO would automatically increase your coverage to the real value. And all you have to do is keep in touch if you improve your home so your policy can be kept up to date. Just one more reason why you can almost always save with SAFECO.

SCHOOL ATTENDANCE AREAS FOR THE 1976-77 SCHOOL YEAR

1. **Sir Alexander Mackenzie Elementary School** will serve the elementary pupils living in the areas indicated below:

(a) **Grades 1 to 6:**
All of Braeside (including Carma Development in East Braeside). (Busing with fare charge may be provided if there are enough applicants to justify a bus route).
(b) **Grades 1 to 6:**
The part of Forest Lawn lying between Forest Drive and Sir Winston Churchill Ave., and Finch Crescent. However, it may be necessary to send some pupils from this area to Leo Nickerson School in order to balance class sizes. (Busing with fare charge may be provided if there are enough applicants to justify a bus route).
(c) **Grades 4, 5 and 6:**
Goodridge Drive, Garfield Place, Galaxy Place, Greenhill Street, Garraway Place, Garcia Place, Gloucester Drive. (Busing will be provided without fare charge).
(d) **Grades 1 to 6:**
Akinsdale: Normally pupils currently attending Sir Alexander Mackenzie School will continue in this school, but they may attend Leo Nickerson if space is available. Contact the Principal of either school to make necessary arrangements. (Busing with fare charge will be provided if requested).
(e) **Grades 2, 4, 5 and 6:**
Greenfield Estates. (Busing will be provided without fare charge).
(f) **Grades 4, 5 and 6:**
Grandview Ridge and Grandin Village. (Busing will be provided without fare charge).
(g) In addition, all other Grandin Park pupils currently enrolled at Mackenzie school will continue to attend this school. (Busing without fare charge will be provided).
(h) The Primary Opportunity Program at Mackenzie School will accommodate all eligible children in the District. (Busing with fare charge will be provided if requested).

2. **Leo Nickerson Elementary School** will serve elementary pupils in the areas indicated below:

(a) **Grades 1 to 6:**
The Sturgeon Heights Subdivision. (Busing with fare charge may be provided if there are enough applicants to justify a bus route).
(b) **Grades 1 to 6:**
The part of Forest Lawn south of Forest Drive, including both sides of Forest Drive, except for Finch Crescent which is assigned to Sir Alexander Mackenzie Elementary School; this is the area that lies between Forest Drive and Hebert Road. However, it may be necessary to send some pupils from this area to Mackenzie School to balance class sizes. (Optional busing with fare charge may be provided if there are enough applicants to justify a bus route).
(c) **Grade 1:**
Greenfield Estates, Grandview Ridge, and Grandin Village. (Busing will be provided without fare charge).
(d) **Grades 1 to 6:**
Akinsdale Subdivision - pupils from this area may attend Nickerson School or Mackenzie School if space is available. Contact the Principal of either school to make the necessary arrangements.

3. **Robert Rundle Elementary School** will serve all elementary pupils in grades 1 to 5 inclusive living in the Grandin Park Subdivision with the exception of the following grades which have been assigned to other schools:

[a] To Alexander Mackenzie School:
(1) **Grades 4, 5 and 6** from Goodridge Drive, Garfield Place, Galaxy Place, Greenhill Street, Garraway Place, Garcia Place, Gloucester Drive.
[2] **Grades 2, 4, 5 and 6** from Greenfield Estates.
[3] **Grades 4, 5 and 6** from Grandview Ridge and Grandin Village

[b] To Ronald Harvey School:
[1] **Grade 3** from Greenfield Estates, Grandview Ridge and Grandin Village.

[c] To Leo Nickerson School:
[1] **Grade 1** from Greenfield Estates, Grandview Ridge and Grandin Village.

(Busing with fare charge may be provided to Rundle School if there are enough applicants to justify a bus route).

4. **Ronald Harvey Elementary School** will serve elementary pupils living in the areas indicated below:

(a) **Grades 1 to 6:**
Mission Park and Lacombe Park. (Busing with fare charge will be provided on the established route if requested).
(b) **Grade 3:**
Greenfield Estates, Grandview Ridge and Grandin Village. (Busing will be provided without fare charge).

5. **Sir George Simpson School** will serve all **grade 6 pupils** living in the Grandin Park Subdivision with the exception of grade 6 pupils living in the following areas who have been assigned to Sir Alexander Mackenzie School: (Busing with fare charge may be provided if there are enough applicants to justify a bus route).

(a) Goodridge Drive, Garfield Place, Galaxy Place, Greenhill Street, Garraway Place, Garcia Place, Gloucester Drive.
(b) Greenfield Estates.
(c) Grandview Ridge and Grandin Village.

6. **Sir George Simpson School** will serve all junior high students living west of Highway No. 2 with the exception of those **grade 9** students living in the following areas who have been advised that they will attend Paul Kane School in the 1976-77 school year:

(a) **Grandin Park Subdivision.** (Busing will be provided without fare charge as these students have been transferred from a school that is within walking distance of their residences to a school that is not within reasonable walking distance).
(b) Mission Park and Lacombe Park Subdivision.s (Busing with fare charge will be provided on the established route if requested).

NOTE: Simpson School will also serve all students enrolled in the Junior High Improvement Programs, and students in the Junior Opportunity Program. [Busing with fare charge will be provided if requested].

7. **Lorne Akins School** will serve all junior high school students living east of Highway No. 2 with the exception of those **grade 9** students who have been advised that they will attend Paul Kane School in the 1976-77 school year, and grade 7 and 8 students assigned to Simpson School. (Busing with fare charge may be provided if there are enough applicants to justify a bus route).

NOTE:
(1) All grade 9 students entering the District after May 31, 1976, will attend Paul Kane High School.
(2) Because Lorne Akins is approaching maximum enrollment, grade 7 and 8 students moving into the Lorne Akins attendance area after June 30, 1976, may be required to attend Sir George Simpson School in order to balance class sizes.

8. **Paul Kane High School** will serve the following students:

(a) All high school students in the St. Albert Protestant Separate School District.
(b) Any high school student in the Sturgeon School Division who registers at Paul Kane School.
(c) Grade 9 students who have already been advised that they will attend Paul Kane School.
(d) All grade 9 students entering the District after May 31, 1976.

ST. ALBERT PROTESTANT SEPARATE SCHOOL DISTRICT NO. 6

SCHOOL OPENING INFORMATION

FOR 1976-77 SCHOOL YEAR

9. District Students Attending Schools, Under Board Sponsorship, in the Edmonton Public School District.

The following busing arrangements will be made for students who, under Board sponsorship, are enrolled in special programs in the Edmonton Public School District:

(a) Busing **with fare charge** will be provided for students attending W. P. Wagner High School (Trades & Services Program) and King Edward School (Pre-Vocational Program).
(b) Busing **with fare charge** will be provided for students attending L.Y. Cairns Vocational School and Avonmore Elementary School (Program for the Mentally Retarded).
(c) There will not be a school bus service to the following schools but an annual bus pass for public transportation may be purchased for $30 (or less if the family rate applies) per student:
(1) Victoria Composite High School (High School Vocational Program and Trades and Services Programs).
(2) McKay Avenue School and H. A. Gray School (Pre-Vocational Program).
(3) McCauley School (Basic English Program).

Students enrolled in the above city schools should make application for bus passes through **Mr. W. D. Thomas, Supervisor of Education, in District Office [Telephone 458-2060] after August 23, 1976.**

10. District Students who attend Edmonton Schools without Board Sponsorship may also apply for a public bus pass through Mr. W. D. Thomas in District Office after August 23, 1976, but will be required to pay the difference between the cost of a bus pass for one school year and the "per pupil" transportation grant received by the School Board from the Department of Education.

REGISTRATION TIMES AND PROCEDURES

[a] Elementary and Junior High Students will register at their designated school during the morning of **Tuesday, September 7.** It is suggested that the following schedule be followed in order to reduce queuing:

Surnames beginning with the letter	
	A - G 9:00 - 9:45 a.m.
	H - N 9:45 - 10:30 a.m.
	O - Z 10:30 - 11:15 a.m.

Students will not attend classes on Wednesday, September 8, but will return for regular classroom instruction in the morning of September 9.

[b] Senior High Students will register at Paul Kane High School as follows:

AUGUST 31, 1976: Advance Registration for students new to the District. Bring all previous high school records for evaluation.

Other students who have not yet pre-registered should also register at this time.

SEPTEMBER 7 & 8: GENERAL REGISTRATION

[1] GRADE IX:	**Tuesday, Sept. 7th -- 9 a.m. - 12 noon.**
[2] GRADE X:	**Tuesday, Sept. 7th, -- 9 a.m. - 12 noon**
[3] GRADE X1:	**Tuesday, Sept. 7th -- 1 p.m. - 3:30 p.m.**
[4] GRADE X11:	**Wednesday, Sept. 8th -- 9 a.m. - 12 noon.**

N.B. ALL STURGEON HIGH SCHOOL STUDENTS [IN GRADES X, X1, X11] MAY REGISTER ON - TUESDAY, SEPTEMBER 7th, 1976.

All students will confirm registration; pay Instructional Materials Rental Fee ($10.00 per semester) and Student Union Fee ($3.00 - optional), Yearbook Fee ($4.00 - optional); receive timetables and textbooks.

c] GENERAL PROCEDURES

NEW STUDENTS
All students new to the District will register at the tables marked "New Students," and are requested to provide the following information (noted on a piece of paper, please):

1. Full name - no nicknames, please
2. Date of Birth
3. Birthplace
4. Church affiliation (Protestant or Roman Catholic for taxation purposes).
5. Name of father, his occupation, business phone (for emergencies)
6. Name of mother, her occupation, business phone, home phone (where applicable - name of guardian, occupation, phone).
7. Name of family doctor, phone number
8. Student's home address
9. Number of older brothers, older sisters
10. Names and birthdates of younger brothers, younger sisters
11. Name and location of last school attended, grade last term
12. Other languages spoken at home.

New Grade One Students [Those **NOT** pre-registered in the Spring as beginners).

Grade One students must present their birth certificates at the time of registration as proof of age. Beginners must reach their sixth birthday by February 28, 1977.

FORMER STUDENTS

Students who have attended schools in the district in the 1975-76 school year will proceed directly to the tables marked "old students." Here a previously prepared Registration Form will be available - students are asked to bring information regarding change in address, telephone number, etc. and additions to the family (with birthdates) since last year's registration.

INSTRUCTIONAL MATERIALS RENTAL PLAN
Textbooks and related instructional materials are available to students through an Instructional Materials Rental Plan. The rental fees charged per student are as follows:

Division 1 (Grades 1 - 3): $ 8.25
Division 11 (Grades 4 - 6): $10.50
Division 111 (Grades 7 - 9): $15.00
Division 1V (Grades 10 - 12) $20.00

Instructional materials will be issued on proof of payment of fees.

Students who have not paid for damaged books or who have not replaced lost books from the previous school term will **NOT** be permitted to use the Instructional Materials Rental Plan until settlement is made. **POSTDATED CHEQUES ARE NOT ACCEPTABLE.** Cheques should be made payable to the school attended.

OTHER SCHOOL FEES
Each school will provide students and parents with information concerning other school fees and expenses.

BUSING

The Board will operate a busing system for the 1976-77 school year with a yearly charge of $30.00 for the first student in a family, $20.00 for the second student in a family, $10.00 for the third student in a family, and no charge for other students in the same family, subject to the following condition:

"When a student is moved out of his normal attendance area the yearly fare may be waived at the discretion of the Superintendent."

Under the new policy all parents have the option of paying for school busing service or providing their own transportation, and eligibility based on the distance from home to school no longer applies. Students who use the bus may remain at school during the lunch period.

The extent of busing service under this new policy will depend largely upon the number of students who make application for bus passes, and for this reason it is requested that applications be submitted to the Secretary-Treasurer as soon as possible. The appropriate annual fare must be paid by September 30, 1976. Fares will be waived only if students in regular programs are transferred from a neighbourhood school which is a reasonable walking distance from their residences to a school beyond reasonable walking distance.

It is anticipated that bus routes in the 1976-77 school year will not vary greatly from existing routes unless a substantial number of applicants justify the extension of service to other areas. In any event, it will not be possible to establish routes for short distances or to provide a door-to-door bus service. Within the limits of practicality, however, bus stops will be arranged to meet the convenience of the majority of the students.

Tentative Bus Schedules will be available at the school on registration day.

Bus fees must be paid by **SEPTEMBER 30, 1976,** until that date a Temporary Bus Pass will be issued to those students who have applied for a bus pass but who have not paid their fee.

Bus application forms and information sheets are available at each school.

KINDERGARTEN

REGISTRATION TIMES AND PROCEDURES

SEPTEMBER 7th [9:00 A.M. - 12 NOON]

All new students register at **New Students [Kindergarten]** table. Child's birth certificate to be presented as proof of age. Child must be five years of age by **February 28th, 1977. Registration fee - $5.00.**
Confirmation of previously registered students and payment of registration fee at **Previously Registered [Kindergarten]** table.

Alexander Mackenzie School: Receive registrants from Braeside, Forest Lawn and Akinsdale.
Leo Nickerson School: Receive registrants from Forest Lawn and Sturgeon Heights
Ronald Harvey: Receive registrants from Lacombe Park and Mission Park
Robert Rundle: Receive registrants from Grandin Park

Kindergarten classes will be housed at the following schools:
Alexander Mackenzie - Leo Nickerson - Ronald Harvey and Vital Grandin

Busing will be provided for all Kindergarten students at no charge to parents. (Busing schedules available at registration tables).

SEPTEMBER 13 - 15 -	Student/Parent Orientation Programs
SEPTEMBER 16 -	Beginning of regular classes

SCHOOL DAY SCHEDULE FOR KINDERGARTEN

A.M. PROGRAM:	9:10 a.m. to 11:20 a.m. (130' including 10' recess)
LUNCH PERIOD:	11:20 a.m. to 12:20 p.m. (60')
P.M. PROGRAM:	12:20 p.m. to 2:30 p.m. (130' including 10' recess)

N.B. Circumstances may dictate an adjustment in these times.

Feathers fly as public berate "gravel" damage

Villeneuve area gravel study planners, gravel operators and to some extent the MD of Sturgeon all took a wrap across the knuckles for the negative impact of gravel works near Villeneuve last Thursday night.

About 40 area residents took the chance to air their views about bad roads, agricultural land being taken out of use, and other related topics at a public meeting in the Sturgeon Heights school.

Confronting each other were Alberta Environment, chief of the Villeneuve area gravel study G. R. Shelley, and the public.

The study involves the existing land uses, environmental impact of operations, impact on lifestyle and reclamation policies and should be complete by January 1, 1977.

It did not take long for the feathers to fly once the public were given their chance for input.

"What bugs 'em (residents) most? asked one area resident. "Everyone will say roads - there's no end to the abuse those roads take," he continued.

"They were built for horses and buggies and yet they (the gravel operators) are hauling 72,000 lbs.," the resident said.

He suggested that if heavy industry was planned for an area "then get the roads in, don't do it in reverse."

"Many a car's broke because of the roads," a lady resident chimed.

Bob Valleau of Alberta Environment was caught slightly napping by one local resident. Mr. Valleau appeared caught between two fences, suggesting that the gravel was there and should be taken out, but that residents had a say in their own destiny.

"If someone does put a gravel (operation) in your backyard, you're forced to sell and suffer severe economic loss," said the resident. "I do not think we do control our own destiny."

Another resident echoed the sentiment saying that Mr. Valleau had just told them they didn't have to have (the land) developed, "if we didn't want it."

Mr. Valleau stuck to his guns saying that residents did have a voice, which brought a loud, "That's all we ever had, just a voice," from the floor.

Later representatives of the MD of Sturgeon pointed out that there were strict guidelines for gravel operators to follow, as far as development permits were concerned and with reclamation.

Also, residents were told there was always the route of public hearing, if they really wanted to make a point.

HAVE GRAVEL COMPANIES WORN OUT THEIR WELCOME?

Another resident wanted to know if the gravel companies had worn out their welcome in other parts and had begun to "use Villeneuve as a light touch."

Was it more commercially viable to ravage land near Villeneuve, the resident asked.

A spokesman for Alberta Concrete at the meeting said, "We arrived in Wabamun and that is depleted. Villeneuve was the next best economic area for us."

Development officer for the MD Gary Brownlee had some words of consolation for residents concerned about the continuous bad state of roads in the locality.

He cited what amount to regulations that gravel operators are not allowed to go into the Villeneuve gravel area, unless they agree to build paved roads to 80,000 lbs. stress, one to three miles from their operation.

Twin Bridges Gravel, Alberta Concrete and Rexdale are among the companies affected by this ruling.

MD'S CONCERN OVER ROADS

Reeve of the MD Bill Flynn said the MD would like to see the terms of the study broadened because future gravel operations gave concern to the MD and the travelling public. He said that the MD did not get a lot of taxes out of gravel operations and there was no legislation on getting that money on a royalty basis.

For those who were

Calahoo meeting to discuss roads, land use and gravel study

Recently a notification was sent out to property owners in the Calahoo area regarding a gravel study presently underway by the Department of Environment and the development of gravel deposits in the Calahoo district.

Last week a meeting was held at the Sturgeon Heights School attended by about 50 people. Attendance at the meeting included gravel study committee members, MD councillors, gravel operators and the public. The meeting, according to residents of Calahoo attending the meeting, left many unanswered questions. Primarily it was felt the development of the Calahoo area was in question and that access roads and roads in general needed a complete airing.

The Gazette was advised that a general meeting will be held on Thursday, August 26th at 7 p.m., at the Calahoo Arena to outline proposals on gravel development and roads in the Calahoo district. Your attendance is requested.

Provincial grants of $300,000 for Sturgeon "rec" facilities

Several communities in Sturgeon have cash in the hand worth nearly $300,000 from the major cultural recreation facility development program.

Debt retirement on the Gibbons arena took $137,500 and a $116,130.77 grant will help complete the Morinville arena and curling rink.

The Gibbons Recreation Board has also received a $23,981.33 grant for debt retirement on the Gibbons School Joint Use addition.

Also under the development program, the Riviere Qui Barre Agricultural So-

ROSS QUINN [left] president of the Central Sturgeon Agricultural Society receives a cheque for $116,130.77 for the completion of the Morinville Arena and Curling Rink from Jim Kyle, chairman of Sturgeon Regional Recreation Council.

STURGEON SENIOR Citizens make to the Red Barn for their annual picnic and barbecue in fine sunny weather last week.

Sturgeon seniors slap up 2,000 steaks, potatoes

A total of 960 people attended the Sturgeon Senior Citizen's fifth annual barbecue last Wednesday at the Red Barn, Lily Lake.

Eight hundred and forty of them were senior citizens from the Sturgeon, St. Albert and Edmonton area, with some coming from Drayton Valley, Onoway, Athabasca and Boyle.

It took an hour and fifty minutes to get the folks organized for the giant feast which began at 5 p.m., and ended at 11 p.m.

A thousand potatoes and 1,000 tender rib-eye steaks were consumed at the event which seems to have been a great success.

About 60 people volunteered to help get the occasion off the ground and another 60 volunteered to drive seniors and guests to the Red Barn, an old time dancing venture at Lily Lake.

According to Jean Smith of Sturgeon Regional Recreation, some of the old (older) folks never even missed a dance when the music started.

Many local businesses and people helped to make the picnic a success. Like Walter Jerram and Bill Cochrane, owners of the Red Barn, barbecue chef Taras Ferbey, the Morinville Frontier Dollies, Marielle and Bill Krauskopf, John Nyboer, Rein Selles, the master of ceremonies, and the provincial government for the sound system.

Others whom Sturgeon Regional Recreation wish to thank are: Benedas Bakery, Fort Saskatchewan; Ruby-Jean Ceramics, Paul's Confectionery, Pat's Beauty Salon, Macleod's, McGinnis Realty, the Frontiersman Hotel and Bert's Auto Centre, all of Morinville; Nan's Meat Market, J. P. Petroleum Distributors, Loblock Industries, and McLean Brothers, all of Gibbons.

Legal Co-op, Legal Real Estate, and Legal Welding, Brenneis Store, Riviere Qui Barre, T..B.H. Home Improvement Centre, St. Albert and Palm Dairies, Edmonton.

Nice clean water soon for Gibbons

The 7.2 mile water supply line which will bring good clean water to Gibbons from the North East water line should be under construction soon, according to a town spokesman.

The contract for the construction of the line has been awarded to Leduc Construction of Edmonton and they should be starting the line shortly.

The spokesman declined to indicate the value of the contract for the line, but the line should be fully operational by November 1st.

"It'll bring nice clean water," the village spokesman added, "something they haven't had here - they're still drawing water from the Sturgeon (River)."

Opening of Villeneuve airport delayed

Bad weather has delayed the interim opening of the Villeneuve Airport.

Transport Canada were hoping to have the airport opened on an interim basis by August 31; but as a Transport Canada spokesman Bill Amolky put it, "this wet weather does not seem to want to let up."

If and when the airport opens it will take the light aircraft movement stress off the Edmonton International and Municipal Airports.

But Mr. Amolky said only six aircraft from three flying clubs will be allowed to use the airport before it is commissioned in October.

Presently, crews are installing lights on and marking the runway, but they are being hard-pressed by continuous wet weather.

Mr. Amolky stresses that when the airport opens on an interim basis, no (outside) licensed pilots will be allowed to use it, only the flying instructors with the three flying clubs.

All the facilities at the Villeneuve satellite are ready to go, but they won't be occupied by staff till early October.

Once the lighting system is finished the airport will be open during the interim period for visual night flying and can take aircraft up to the 12,000 pound limit.

Morinville lodge board appointed

Morinville has appointed a three man board to look after the proposed Morinville Senior Citizens Lodge.

About 40 seniors will be residents at the lodge.

Tenders for the lodge are expected to be called next month.

Members of the Board are: Councillor Roger Champagne, Frank Sale and Bert Ouellette.

Market Days Calendar

SATURDAYS FROM 2 P.M. TO 6 P.M. Farmers Market. NOT OPEN SUNDAYS. Gibbons Arena.

Space in this column is open to any community in the Sturgeon area holding Market Days during the summer-fall season, by contacting the Gazette at 458-2240.

Letters to the Editor

Namao school too costly

Surely the trustees for Sturgeon School Division #24 must have taken leave of their senses.

I certainly agree with the Municipal Council and Mr. Kluthe when he suggests that building the Namao High School at near five million dollars would bankrupt the MD. And don't forget, the MD is we, the people.

Too few people realize that the money must be borrowed and interest paid on all borrowings. To borrow two million dollars over 25 years at eight percent would cost the taxpayers $4,000,000 dollars in interest alone. This is most ridiculous at any time.

Taxpayers should remember that erecting the building will not be the only expense. There's land, equipment, teachers and caretakers salaries and various other things.

We can only hope this building will NOT get Ministerial approval.

Almost as ridiculous is the idea of swimming pools at various locations. There are strict rules and regulations regarding the operation of these pools which adds considerably to the costs.

HUGH ALLEN,
Bon Accord.

Alberta breeders benefit at Hereford conference

One of the most visible results of the Alberta tours held July 3 to 7 for international visitors following the 7th World Hereford Conference in Banff was the participation in the displays of Hereford cattle by the smaller Alberta breeders.

George Templeton, president of the Alberta Hereford Association which organized the province-wide events, noted that Hereford breeders for the smallest operations up and from all parts of Alberta displayed their cattle to approximately 400 international visitors. In total, 15 stops were on the tour agenda, with more than 145 breeders taking part in displays.

"The smaller breeders took advantage of this unique opportunity and brought their cattle out into the open. As a result, we have become familiarized with some exceptionally good Herefords from across the province," said Mr. Templeton.

Mr. Templeton said that from the standpoint of the Association, the World Hereford Conference and the subsequent tours have stimulated a "tremendous pride and cooperative effort among Hereford breeders."

"The general enthusiasm resulting from the Conference and the attendance of people from around the World, has made Albertans feel proud about the part they have played. They wanted to show their cattle, meet the foreign delegates and be an integral part of the reports which will be brought back to the 20 participating countries."

D. J. A. Cross of the Bar Pipe Farms, Okotoks, one of the major tour stops, remarked that many of the visitors have commented on how well the Alberta Hereford breeders have worked together to organize the tours in light of the fact that they are all in competition. Don Fraser, Hussar; Hugh and Roy McPherson, Black Diamond; and Hugh McLaughlin and H. R. Metzler of Pincher Creek, brought their cattle to the Bar Pipe Farms for this tour stop. In total, 200 head including cows, calves and bulls were viewed by more than 1,300 visitors.

Mr. Templeton said "I can't help but think that we're going to benefit from these tours in the future. The breeders from other countries have seen our Herefords, they've expressed their appreciation of them, and we think that they'll come back when they're ready to buy."

Most of the tour participants went on to the International Show of Horned and Polled Herefords which runs July 8 and 9 in Calgary at Stampede Park. This is the closing series of events along with the agricultural exhibit Agriscope, a yearly Stampede feature, which this year recognizes the contribution of the Hereford breed.

grants

Cont'd From Page 23

ciety received $19,750 for the retirement of debt on the Riviere Qui Barre arena.

HIRE-A-STUDENT IN MORINVILLE

Recently Hire-a-Student in Morinville had a total of 75 students register with them.

This year's office manager Yvonne Keiser reports that the town's support is incredulous. Sixty-six students have been employed in regular or casual jobs.

INSTRUCTION WORKSHOP

Sturgeon residents are reminded that Instructor's Workshops will be held at Camp He Ho Ha October 1, 2 and 3. Workshop sessions will include macrame, weaving, toy-making, stitchery, quilting and applique, gifts and things and playschool. A special session on teaching skills will be included. This workshop will be open to instructors from several areas and residents are urged to apply early. Phone 939-4317 for more information.

PRIMITIVE POTTERY WORKSHOP

There will be instruction in hand building and primitive firing given by Sturgeon Regional Recreation September 11, 12, and 25 and 26. Phone 939-4317.

gravel

Cont'd From Page 23

worried they might lose their livelihoods in farming because of gravel works, Mr. Flynn pointed out that agriculture was no picnic anyway and unless the outlook changed for farmers, farming looked bleak for the future.

As yet, he added, the MD was not sure that it could zone against gravel operations, but had looked at the possibility of this.

Concerning bringing back the 22 quarters owned by gravel operators in the Villeneuve deposits to farming, Mr. Valleau pointed out the relative cheapness, about $1,100 an acre, of doing this.

He was referring to a reclamation done at one coal mine in the province, but not a gravel operation.

This was the first public meeting in a series of three that have been slated for the Villeneuve area.

Morinville Memos

By Marg Bentz

On August 28, the Agricultural Society is having their "Harvest Jamboree" at the Morinville Arena. Beer gardens start at 8 p.m., with music by "The Playmates" at 9 p.m. The draw on the car will be made, so there is still time to get your tickets from Ag. Society members or local businesses. Tickets are available at the door and everyone is welcome.

Morinville Brownie First Pack is looking for two leaders to start out the year in September. Anyone interested please phone Mrs. J. Clarke at 939-4256 or Mrs. P. Ramer at 939-4565.

Farmers Market is still going strong every Saturday at the arena from 10 a.m. until noon. With today's high prices it is nice to get fresh produce for reasonable prices.

TEEN DANCE

Come and see the premiere performance of a new show - "Headwind" at the Morinville Recreation Centre on Friday, August 27th from 9:30 p.m. - 1:30 a.m. Admission is $3.00.

Morinville Legion #176 will be holding a family barbecue and dance on Saturday, September 18, for members, invited guests and their kids. Advance tickets are available only until September 15 and are $7.50 per adult and children are free. Games will be played from 3:30 - 5 p.m. Supper for the kids will be from 5 - 6:30 p.m. and will consist of hot dogs, hamburgers, chips and pop. From 7 - 10 p.m. the adults (18 years and over) will be able to cook their own steaks and then dance to the "Sound Track Plus 2."

School registration will be on Tuesday, September 7th at 1 p.m., for all students. There will be no school on September 8th for organizational purposes but on Thursdays September 9th regular classes will begin at 9 a.m.

The Morinville Tiny Tots Association would like to express their appreciation to Macleod's, Paul's Confectionery, L.J.S. Electronics and MarCo Welding for the kind donation of a record player.

There is a possibility that Morinville will have a hockey school in either September or October if enough interest is shown. More information will be sent through the schools and in the Gazette. Call Ross Quinn at 939-4091, Doug Ramer at 939-4565 or Sturgeon Regional Recreation.

Your Gazette correspondent will be on holidays until September 7th. Your news items may be phoned in direct to the Gazette at 458-2240.

Yearbooks from George P. Vanier are waiting to be picked up and there are more for sale. For more information, please call Sheryl at 939-4405.

Legal Locals

By Connie Maurier

A reminder that the school will commence Wednesday, September 1st at the regular time of 8:45 a.m. The buses will run for the morning and shall be returning at noon. Thursday and Friday will be regular school days.

Get well wishes are extended to Leo Maurier who is back home recovering from a recent operation.

A good number of ladies attended a bridal shower which was held Wednesday evening August 18 at the home of Norm and Fern Letourneau in Legal, given in honour of Marie France Gaulin of St. Albert. Marie is the future bride of Dennis Letourneau. They plan to be married on August 27th in St. Albert.

Beginning Sunday it was suggested that More Life should be brought to our church in Legal. People wishing to do so could by bringing living plants of their choice. Bouquets of various flowers growing in your backyard or a handful of fruits and plants, such as wheat, barley or oats. The decision is yours.

The Club 60 Roses will be having a dance on October 1st at their Clubhouse in Legal. There will be dancing to the music of "The Satellites" from Clyde. A free lunch will be served and refreshments will be available. Anyone interested can plan ahead of this occasion.

Russian soybean purchase boosts prices

The most significant news in the James Richardson & Sons Grain Letter was the sale of two million tons of soyabeans to the U.S.S.R., which was the catalyst the market appeared to be waiting for not only in oilseeds but also in grains, as both sectors benefited pricewise from this sale. The U.S. provided 1.5 million tons of the total while the remaining 500 thousand tons were of optional origin, with Brazil the most logical seller of the optional balance; and a little more icing was added to the cake with the announcement of the sale of 300,000 tons of U.S. wheat and 300,000 tons of U.S. corn to the Soviets for shipment after October 1, with more sales being negotiated. Although this country was, of course, not involved in these sales, nevertheless, our markets reflect their implications to some extent. Exporters have booked with the Wheat Board 400,000 tons of durums ex St. Lawrence. The Japanese Food Agency in recent tenders bought 57,500 tons of wheat and 142,800 tons of barley. In the oilseed sector, about 50,000 tons of rapeseed have been worked with Japan, and only 2,500 tons of flax have been reported sold.

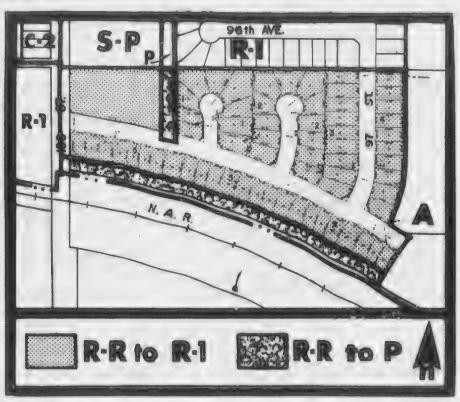
THE TOWN OF MORINVILLE

NOTICE OF PUBLIC HEARING

The Council of the Town of Morinville having been given authority under Section 119 of the Planning Act, R.S.A. 1970, as amended, to control development within the boundaries of the Town of Morinville by zoning, will hold a public hearing.

The purpose of this bylaw is as follows:

That the Zoning Map attached to and forming part of the Zoning bylaw of the Town of Morinville be amended by zoning. From R-R [Residential Reserve] to R-I [Single Family Residential] and P [Park] the land shown below and located in the S.W.¼ Sec. 34-55-25-W4.



The proposed bylaw may be examined between the hours of 9:00 a.m. and 5:00 p.m. of the office of the Municipal Secretary of the Town of Morinville. The Public Hearing will be held in the Town of Morinville office on the 14th day of September at 8:00 p.m.

Written objections to the proposed bylaw will be received by the Municipal Secretary at Town office until 4:00 p.m. on the 14th day of September, 1976.

Objections shall be submitted in writing prior to the meeting. Those written objections which have been received before the designated time will be discussed at the meeting before further presentations will be recognized.

PAUL E. BROCHU
MUNICIPAL SECRETARY.

Bon Accord News

By Sadie Allen

Very successful Ladies and Gents fastball tournaments were held on August 22nd with ladies teams from Gibbons, Lamont, Redwater and Bon Accord participating and men's teams from Edmonton, Morinville and Bon Accord. Gibbons and Bon Accord split top money for the ladies and the Lincoln Hotel team ousted Bon Accord from top spot in the final game for the gents. A good crowd turned out for the games.

If you missed your tap and jazz registration you may register by calling Marion Nicholson at 455-5469. Lessons will be held on Saturdays this year and get underway on September 11th.

Ken McGregor will be taking black and white pictures at Market Days for a couple of weeks more. A good idea for those Christmas presents you'll be worrying about in a short while would be a picture of Mom and Dad or a family group, something to think about!

A group of Bon Accord girls took part in a concert staged at Alberta Hospital recently. Those taking part were Karen Bjerke, Val Millwood, Michele Fisher, Brenda Schiffner, Julie Evans, and Sue Ann Hartley. The girls are members of Marion Nicholson's jazz class.

Senior citizens from the area tremendously enjoyed the barbecue and dance put on for their benefit by the members of the Sturgeon Rec. Board at the Red Barn on August 18. The meal was delicious and a special tribute must be paid to the masters of the barbecue who turned out the deliciously tender steak. A most sincere thank you to Walter Jerram and Bill Cochrane for the donation of the Red Barn for the occasion, to the members of the Sturgeon Rec. Board for all their planning and hard work in preparing for the event and of course a special thank you to all those who volunteered their services for the many extra tasks that were required to make the evening one to remember.

North Central Baseball playoffs will be held at Westlock on Sunday, August 29th with Westlock vs Vimy at 11:30, Bon Accord vs Rochester at 2:30 and the final game for the cup at 6 p.m. All games are nine innings.

Eldon and Ethel Samis travelled to Prince George where they entered 14 of their Happiness Herd goats in the Prince George Exhibition. Of the 20 entries made, only one failed to place in the money. Major wins were made by Happiness Topaz *M, Best Saanen, Happiness Celeste **M, Grand Champion Toggenburg, Happiness Laura's Lady *M, Best Udder in Show and Get of Sire - class for three does sired by the same buck, Kerri-glen Xerox. A most successful trip for the Samis family.

A girl's small bike was found in the ditch by the highway recently. If you are missing a bike from your house, contact the Village Office. The bike may be claimed by identification.

Mr. and Mrs. Donald A. Grant and family of Bon Accord have recently returned from a combined business and pleasure trip to Ontario, Maritime Provinces, and Eastern United States, covering approximately 14,000 miles by train, car, boat, ferry and plane. Being owners of the Bon Accord Hotel, Ducky's Tavern are planning another major addition to the Hotel, to include a licensed restaurant, dining room, six new guest rooms and a manager's suite, with construction to commence in the latter part of September '76.

Long time residents of the Bon Accord district, Mr. and Mrs. Steve Kuzyk of Bon Accord celebrated their Fiftieth Wedding Anniversary on August 8th. Among the many congratulatory messages this industrious and community minded couple received were those from Governor-General and Madame Leger, Prime Minister Trudeau, Peter Elzinga MP, Ernie Jamison MLA, Premier Lougheed, Lieutenant Governor Steinhauer, Leader of the Opposition Joe Clark, and the Rt.-Hon. John G. Diefenbaker. Their friends and neighbours extend heartfelt and warmest wishes on this very special anniversary. Best of everything Steve and Mary!

Vimy News

By Lea Limoges

The Vimy Blues are having a cabaret in the Vimy Hall on August 28th and not August 25th as stated in last week's paper. Tickets available from the ball players. Music by "Sweet Hush". Everyone is welcome, so come and support our ball club.

Darlene and Leo Provencal and children enjoyed a week of camping at Crimson Lake, they visited the Roland Provencal family at Rocky Mountain House, then they spent the weekend at Long Lake near Newbrook, they were joined by Darlene's parents Mr. and Mrs. Bolle.

Mr. and Mrs. Fern DeChamplain and children Yvon and Doris spent a pleasant weekend with Rachelle and Roger Caouette at Moose Lake.

Irene and Paul Fagnan and family visited Philip and Aurelie Fagnan overnight on their way home to Fort St. John.

Rene and Reggie Joly from MacKenzie are visiting in our vicinity for a few days.

Emile St. Arnaud is home again after working in Inuvik for the past week.

Protest will add to inflation problems

Unifarm President Dobson Lea said recently that Canadian labour unions have already made their opposition to price and wage controls very clear and the national one-day work stoppage on October 14, will do little more than add fuel to the inflationary fire.

The heavy cost to the country in lost goods and services if the Canadian Labour Congress' 2.2 million members and affiliates support the walkout, is too high a price to pay to emphasize Labour's dissatisfaction with the anti-inflation program, Mr. Lea said.

Farm people are reeling from the effects of rampant inflatin and many of their problems are compounded by increased labour costs, gained without corresponding increases in production, that push farm input costs higher and higher while farm produce prices remain at low, static levels.

Effect of inflation on farmers is far more serious than the loss of a few dollars' purchasing power from a weekly pay envelope, Mr. Lea said. Many farmers, particularly those in the cow-calf business, have been forced to the brink of bankruptcy and are faced with the very real prospect of losing everything they have accumulated in a life-time of work.

Farmers don't dispute workers' right to fair wages, the Unifarm president said, but pointed out that farmers are forced to produce at peak efficiency to even survive under present circumstances. Labour, he said, should also accept the fact that increased productivity is generally accepted as the only solution to inflation and base its demands on that premise.

Calahoo News

By Liz McLeod
ELSIE WILLIAMS AGGREGATE WINNER AT CALAHOO

Well! Defying the wind and the rain, Calahoo Women's Institute were optimistic about their flower and vegetable show, and while there weren't many flower entries due to the weather before the show, and having to find another judge at the 11th hour, it can be said that this flower and vegetable show, held in Calahoo's church basement on Wednesday, August 18 was a very rewarding experience, despite the few who came out to view the displays and enjoy the sandwiches, cakes and squares, with tea or coffee.

Wednesday, with its beautiful sunshine set the stage for encouragement to enter and 18 entrants, (even two from Edmonton) displayed 176 entries for our very fine judge, Mr. Dan Dales from Stony Plain to narrow the field down to 1st, 2nd and 3rd prizes.

He offered alot of helpful tips in arranging flowers and in showing them besides many an idea for different displays but cautioned us to always have uniformity and make sure you have the right number.

Judging was completed just in time for all concerned to enjoy a cup of coffee and lunch before it was time for the public to attend.

There was a small but enthusiastic group who came to enjoy one another, view the displays and have coffee, sandwiches and dainties.

The Friendship Quilt was on display and when we drew for it, we asked the youngest visitor to draw that all important name out of the hat, and were so pleased for young miss Diana Myers, the lucky recipient of this quilt. Diana is Mrs. Jack Emma Dalheim's daughter and Emma is Calahoo WI's capable secretary who lives in Spruce Grove.

The ladies tabulated the points to find the winners in the different classes, and they shape up in this way:

Mrs. Jim Elsie Williams of Onoway was so thrilled with her prizes in winning the Grand Aggregate - the aggregate in Flowers; the best blooming houseplant and the best foilage houseplant.

We were very pleased to have a newcomer to this district, Mrs. D. Pat Bohning win the Aggregate in Vegetables.

A fellow member, Mrs. Vic Betty Albrecht of Onoway won the prize for the best coffee table arrangement, plus the best floral arrangement. And for the best vegetable arrangement the honours went to Mrs. Wm. Elsie Hook also from Onoway.

Now since we asked the youngest visitor to make the draw, it was most fitting to ask a gracious elder lady in the person of 90 years young, Mrs. Wm. Carrie Akerman (Daphne Kerr's mother from Edmonton and formerly Namao) to pick a number from one to 46 so the door prize could be given.

Number 36 was offered and a delighted Mrs. J. Helen Radjo from Calahoo won the $5.00.

Congratulations to all the winners!

Calahoo WI wish to sincerely thank each and everyone connected with this show for their efforts and also to the judge and especially the public who took the time to come. Hope it will be bigger and better next year, thanks again.

GOLDENAGERS HAVE VISITORS FROM STONY PLAIN

What better way to spend a beautiful sunny afternoon than gathering in the Gazebo for the senior citizens meeting on August 11 to share the joys of friendship and relaxation.

This was a very pleasant day for 10 members from Stony Plain's Friendship Club decided to come and visit Calahoo. George and Stella Hayward; George and Carrie Krueger; Mrs. Ida Giese; Mrs. Gertie Sutherland; Mrs. Florence Allen; Mrs. Carrie Steinmetz and Chris and Millie Esslinger - former residents from Onoway district closer to Calahoo.

Among the 37 friends present this day was Mrs. Theresa Bourque, who used to live in Onoway, now residing in Rutland, B.C., and is an especially fine visitor at Mrs. Mary Flaherty's in Onoway.

Cards were enjoyed whilst visiting and then after the bingo games the always friendly social hour and lunch gives us an opportunity to meet our guests.

In order to be sure everyone knew each other, all were asked to give their names and then to add a bit of flavour, the birthday recipients were asked to tell a story.

This is always fun and all went home resolved that this had been good day and we would meet again soon.

Certainly as the 33 gathered at the Gazebo on August 18th for the school bus to transport us to the Red Barn for the annual Sturgeon Recreation's barbecue and dance, there was excitement and for many it was the first ride on a school bus.

As we drove along, stopping to pick Luke and Linnea Majeau up, it was a jolly load for we were hearing of the good trip Jim and Erma Cust had on their northern tour.

Oh my driving along, it was nice to see that the crops are nearing the swathing stage and indeed many were already swathed.

Because for many of us, it was the first time getting to the Red Barn, we really had a thrill, and to meet with so many more people we knew from all surrounding districts.

Mrs. Marcella McGillis from Riviere Qui Barre had the opportunity to meet and visit with so many parents of the school children she taught, and it was such a pleasure to visit with her.

Words just can't express the thrill of being able to attend this function and Calahoo's Goldenage Club all feel the same. Thank you all in Sturgeon Recreation.

Namao News

By Norma Crozier
NAMAO FLOWER SHOW

Namao WCW's Flower Show held this year "On the Moon" was once again enjoyed by a large crowd. With stars and a giant sun suspended from the ceiling, the stage became the moon complete with spaceman and moon machine, built by Craig Kindleman. Lovely moon maidens served the tea tables.

Flowers were in good supply to make a worthwhile show with many new participants. Results were as follows:

1. Rosa Samis Cup - Best dark glad - Craig Kindleman; 2. Marjorie Clark Cup - Best glads in show - Bob Kindleman; 3. Alice McLay Trophy - Best adult entry - Alice McLay; 4. Speers Trophy - Adult Novice Class - Charlene Berg; 5. Mrs. Fred McLay Memorial Trophy - Best vase of flowers - Nancy Yeske; 6. Zaychuk Trophy - Best fruit display - Betty Lou Kindleman; 7. Mrs. W. Craig Memorial Prize - Best foliage plant - Alice McLay; 8. Pat Jepsen Trophy - Best Basket entry - Betty Lou Kindleman; 9. Barbara Crozier Prize - Senior Citizens class - Mollie McDonell; 10. Alma Paul Trophy - Highest score of a 4H entrant - Cheryl Paul; 11. Pearse Trophy - Total Aggregate for entrant 8 years and under - Heather McMillan, Chris Cameron and Randy Pilko; 12. Kindleman Trophy - Total points for entrant - 9-12 years - Cheryl Paul; 13. Sarah Bell Trophy - Total points winner of Junior Class - Cheryl Paul; 14. Barnett Prize - Best Junior Entry - Craig Kindleman; 15. Grand Challenge Trophy - Aggregate Points - Alice McLay.

The Namao 4H Light Horse Club's Achievement Day was judged by Mrs. Bassett, her name was ommitted last week.

Dr. and Mrs. Eldred Miller were special guests at a coffee party in the Namao Community Hall on Thursday evening. Friends from Namao, Bon Accord and Patricia communities attended to enjoy a visit with the Millers.

The family of Mrs. Isabel Crozier gathered at the home of Mr. and Mrs. Bud Crozier on Sunday, August 22 in honour of her 75th birthday. Her children, grandchildren and two great-grandchildren attended as well as her two brothers Mr. Doug Partan of Edmonton and Mr. Walter Partan of Stony Plain.

Get well wishes go to many Namao residents this week to Mr. Vernon Carson, Mr. Donald McLay and Mrs. Janet Akerman all in Royal Alexander Hospital. Glad to report Mr. Bill Sinclair is much improved and may soon be released from hospital. Better health to all soon.

Mr. and Mrs. Jack McLay travelled to Penticton, B.C., once again to participate in their "Square Dance Festival."

Swathing this time of year no record

District Agriculturist for Sturgeon, Wally Klatt says that swathing has been going on in the area for a week, but that the big problem is wet fields.

Although the swathing, with some combining has been going on for a week, this is not a record, Mr. Klatt points out.

However it is still pretty early, Mr. Klatt added.

Some of the combining has been taking place west of Morinville and near Bon Accord.

On progress with the potato crop, Mr. Klatt said he had heard no complaints about that from commercial producers who are located in the east and south-east area of Sturgeon.

Mr. Klatt said (if potato crops were rotting) "this could be more due to disease than wet." He was relating this to the fact that there had been some complaints by private growers of crops rotting in the Alcomdale area.

Hay losses costly

Although the recent heavy rains over much of Alberta have greatly improved pastures and the forage crop outlook, they have seriously deteriorated the quality of a large portion of forage crops already harvested.

Alberta Agriculture's forage crops specialist, Larry Gareau, says that reports from the southern part of the province, particularly in the Lethbridge-Pincher Creek area, indicate that as much as 50 percent of the hay has been damaged through heating either in the window, in bale stooks or even in stacks. One official estimates the loss to be between 200,000 and 300,000 tons from heating alone.

"With cattle production costs soaring and prices remaining at a low level, losses of this magnitude are extremely tragic," Mr. Gareau says. "In fact, the present situation underlines the tremendous importance of storing hay under rainproof structures. This year money invested in a hay shed would have paid for itself many times over, providing the hay was stored in the shed and not left to spoil in the field, in bale stooks or in poorly constructed bale stacks."

With prospects for an excellent grain crop, there should be ample supplies of straw to provide fodder for Alberta's cattle herds this winter, but it is important to remember that straw is not a substitute for good hay.

The fact that there will be plenty of it around this fall does not make the loss of so much good quality hay through mismanagement any less serious. "Forage," says Mr. Gareau, "is one of the most valuable crops produced in Alberta, and it is about time that we gave it the management it deserves."

Gibbons News

By Karen Hogg

Don't forget the Ag. Society's bingo to be held on Thursday, August 25 at 8 p.m. in the arena. This will be the same type bingo as was played during Agri Fair. There are definitely more than 20 games with more than 20 different prizes. Wilf Oliver for one is making and donating a quilt! That is one prize I don't want to miss seeing! A $150 clothes gift certificate is being donated by the Gibbons Hotel; livestock; two season passes from the senior hockey club and a $100 cash prize are just some of the prizes you can win at this bingo. Hope to see you there!

The Farmers Market is definitely a success! Vegetables and plants are readily available to everyone. But you know, this market is open to everything. Ceramics, macrame, sewing, knitting and hobbies of any type are invited to bring them down to our market. The more variety the more successful we will be. If you feel you have some item you wish to sell bring it down! You can sell it yourself or the Ag. Society will sell it for you.

The Ag. Society are going to hold a white elephant sale. People with clothing or items no longer in use are asked to drop it down at the arena. If you are cleaning out your basement and you have anything you feel will be of use to someone else please bring it down. Just as soon as enough items are collected a date will be announced.

June Agar, with 13 years of study and four years teaching experience, will be starting up another season of Scottish dancing. Anyone interested please phone 923-2296 or 923-2580. Registration night is August 30 at 7 p.m., in the Gibbons Sunday School.

A referees clinic will be held in Morinville on November 14 and 15. This will be for Levels 2 and 3. Anyone interested are asked to contact the Sturgeon Regional Recreation office. For the 1977 season all coaches will have to be certified.

The Gibbons Flyers Hockey Club are looking for some more players for the hockey season which will soon be upon us. Any persons wishing to play are asked to contact Mike Boschansky at 923-2289 or 923-2681 at the arena.

Here is some more good news for Gibbons! The Red Cross are going to try a clinic in Gibbons for all Blood Donors. The Clinic will be held on September 15 from 7 to 9 p.m. The place will be announced at a later date. Any person who would like more information or would like to help on the evening of the clinic are asked to phone Florence Briggs at 998-3122.

Pat Briggs would like to thank all of her friends and relatives for being so kind to her while she was in the hospital. To all of the people for sending cards and flowers. Pat was in the hospital for over a month but with people being so nice and all her visitors it sure helped to pass the time for her.

I would like to thank Mrs. Stirton, Norma and Betty Schick and everyone else for coming to a surprise house warming party which was held at our house on Thursday night. It definitely was a surprise! I hope everyone is as fortunate as we are, to have the wonderful neighbours and friends that we have, as everyone has just been terrific!

Mrs. Hazel McLean was the Prairies delegate chosen to sponsor the Pythian Sisters in Oklahoma City from August 6 until the 14th. Mrs. McLean said for two days the weather was 105. The committee went on a bus tour on the Saturday but were disappointed because the stores were all closed. No shopping was done at all during the whole convention. If you weren't at meetings it was too late to shop. Mrs. McLean said she enjoyed the trip very much.

A work-bee will be held at the Anglican Church Cemetery on Saturday, August 28th at 1 p.m. Anyone interested in lending a hand are asked to bring down rakes or lawnmowers. Your help will be appreciated.

Mr. and Mrs. Bill Gibbons sure had a surprise one morning on their way to the Hen House! One of the hens decided to adopt some kittens. Mrs. Gibbons said that even when the kittens eyes were open the Hen would gather them under her and would peck hard at the mother cat or the Gibbons' if they tried to get at them.

VILLAGE OF GIBBONS
NOTICE OF
LOCAL IMPROVEMENTS

Pursuant to the provisions of Section 153 of The Municipal Taxation Act, Public Notice is hereby given that the Council of the Village of Gibbons intends to undertake Curb, and Gutter as Local Improvements. The estimated cost of the aforementioned Local Improvements is $134,918.00 repayable over a period of 20 years at a rate of interest not exceeding twelve percentum (12%) per annum and to charge the lands abutting that portion of the street of place wherein the Local Improvements is made at a uniform rate of One dollar and sixteen cents ($1.16) per foot of frontage over the said period of twenty (20) years.

All costs in excess of the aforementioned rate per front foot will be borne by the Village at large.

The location of the proposed local improvements is as follows:

ON	FROM	TO	SIDE	FRONTAGE
48th Ave.	47th St.	51st St.	Both	642
49th Ave.	49th St.	51st St.	Both	375
50th Ave.	Hwy. 37	48th St.	Both	1,009
51st Ave.	48th St.	51st St.	Both	375
47th St.	48th Ave.	50th Ave.	East	660
48th St.	50th Ave.	51st Ave.	West	498
49th St.	48th Ave.	51st Ave.	Both	2,289
50th St.	48th Ave.	50th Ave.	Both	1,480
			TOTAL	7,328

Notice is further given that unless the majority of the owners of the lands that may be assessed, therefore, representing at least one-half in value thereof as aforesaid, petition the Council against it within two weeks after the last publication of the notice, the local improvements may be undertaken and the cost thereof assessed by the system of assessment referred to in this Notice.

If no petition sufficiently signed has, within the time limited in that behalf, been presented to the Council against the local improvements or assessment aforementioned, the Council may undertake the proposed local improvements at any time within three years of the giving of the Notice.

Date of the last publication of this Notice will be 25th day of August, 1976.

DATED at the Village of Gibbons, this 16th day of August, 1976.

Ms. M. Metrunec
Municipal Secretary.

"NOW 11 OFFICES TO WORK FOR YOU"

SICOL
REALTY CO. LTD.

ARE YOU THINKING OF SELLING, BUYING OR WOULD YOU JUST LIKE TO LIVE A LITTLE?

Regardless of whether we are on the move or not most of us homeowners are interested in real estate values.

Real estate sales experience in St. Albert for the past year has made it impossible to give advice that wasn't out of date the next month.

Therefore we make a point of inspecting as many homes for sale as possible, and monitoring the actual selling prices weekly. Because many factors are involved which add sales appeal to residential property, it is important to be kept informed by actual homeowners' ideas and experiences. We would be privileged to meet with you and discuss with you your questions about property and the real estate situation of today, as it is you, the homeowner, and your demands which really determine what happens in the future.

KENLO REAL ESTATE LTD. -- 465-9451

LARRY de ST. CROIX -- 458-1640
BRIAN MEAD -- 458-1614

JUST ENOUGH TOGETHERNESS -- plus PRIVACY. The home you want to live in for years must be flexible enough so your children can grow up without too much hassling.

You want a soundly-built home, convenient to schools and transportation. And it should have features that make life nicer for Mom and Dad, too.

Let us show you spacious houses that suit every member of your family.
